

CHIEF FINANCIAL OFFICER  
JEFF ATWATER  
STATE OF FLORIDA

## **CERTIFICATION OF THE CHIEF FINANCIAL OFFICER TO COMPLETION OF THE 2011 ENHANCED BIENNIAL RULE REVIEW**

The Department of Financial Services ("DFS") has reviewed all of its rules, including each separate part or subsection, in compliance with the requirements of ss. 120.74 and 120.745, F.S. Each division or bureau has reviewed its rules to identify and correct deficiencies in its rules, to clarify and simplify its rules, to delete obsolete or unnecessary rules, and to seek to improve efficiency, reduce paperwork, or decrease costs to government and the private sector. DFS has contacted other agencies that have concurrent or overlapping jurisdiction to determine whether their rules can be coordinated to accomplish the above goals.

The divisions or bureaus have identified rules that are revenue rules or data collection rules and provided specific information for each type of rule. Rules are identified that are being repealed or amended to reduce the economic impact of regulations on small and large businesses.

Rules with a probable economic impact in excess of \$1 million over the next 5 years, as described in section 120.541(2)(a), F.S., have been divided into two groups. The economic analyses of Group 1 rules will be completed and posted on this website by May 1, 2012. The economic analyses of Group 2 rules will be completed and posted on this website by May 1, 2013.

I encourage public comment and inquiries to this rule report. Please direct your written comments to:
