Why do we have Florida Highway Patrol Officers guarding the coaches of our universities? Most of these officers are high ranking officers. Would it not save money to replace these officers with campus police officers or private security guards. If you look at how many games dates there are over the year, the total bill for these security must be very high.

Has Merit? Y **Explanatio** This suggestion has potential merit; however, HSMV is getting and exchange of public service announcements using coaches and players equal to the value of services rendered. By using coaches and players, we feel the public service announcements make more impact to our population than by paying an "actor" to provide a PSA.

Implementation Suggestion has no merit. We receive Public Service Announcements using coaches and players in exchange for providing FHP officers for security.
