**Florida Department of Financial Services, Division of Rehabilitation  
and Liquidation  
Senior Citizens Mutual  
Insurance Co. in Liquidation  
Notes to Financial Statements  
Dated March 31, 2011**

1. **Estate Information.** Senior Citizens Mutual Insurance Co. was a company domiciled in Florida and placed in liquidation on June 1, 2005.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on the liquidation basis of accounting using a fiscal year of July 1, 2010 through June 30, 2011. The assets are stated at their estimated realizable values, while the liabilities are stated at their ultimate (gross filed) amounts and are periodically adjusted as evaluated, adjudicated and/or paid. In addition, the statements do not provide accruals for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Statement Format Changes.** On July 1, 2001, the Receiver converted accounting systems, which resulted in the historical accounting data being presented differently in this set of financial statements than the previously prepared statements for this estate. Because the new system uses a more detailed chart-of-accounts and summarizes data into categories different than previously used, the 'Since Date of Liquidation' column of historical data on the 'Statement of Cash Receipts and Disbursements' may not correspond directly to previous statement presentations. Users of this "Liquidation to-date" information should solicit additional information from the Receiver before making assumptions about the data.
5. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: the Receiver's operating account held at the Bank of America and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
6. **Short Term Investments - Restricted.** The investments are stated at fair value, which approximates market value. Market values are those provided by the depository trust institution in possession of the securities at the balance sheet date or through brokerage institutions. Where market values are not readily determinable, market value represents management's best estimate of the investments' fair value. These investments represent funds held by reinsurance companies as collateral pursuant to contract.
7. **Secured Claims.** The secured claims consist of funds held by reinsurance companies as collateral for reinsurance contracts.
8. **Claims.** Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, unadjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claims liability numbers are based upon information and documentation provided to the Receiver as of December 31, 2010.
  - Proof of claim forms have been mailed to all known claimants.
  - The claims evaluation process has been completed. All filed claims have been evaluated.
  - The First Interim Claims Report has been completed and submitted to Estate Management for audit and approval. The audit was approved and the First Interim Claims Report has been filed with the courts.
  - The First Interim Claims Report was filed with the courts on September 16, 2010, and the Notice of Determination objection deadline date was November 22, 2010. Four objections have been filed thus far with a potential increase in liability in the amount of \$2,066,744.29.
9. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
10. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
