

**Interagency Advisory Council on Loss Prevention  
2002/03 Safety Awareness Campaign  
Presented on November 5, 2003**

**Best Safety Awareness Event**

**WINNER**

Description of Entry: "First Aid Safety Awareness Event".

The goal for this event was to increase employee first aid safety awareness in the Department of Environmental Protection. It also served as a reminder that safety is a value and should be practiced daily in all the Department's activities. The event was a direct statement that management of the agency CARES about employee safety and health. DEP explained to their employees that using a first aid kit may prevent a minor injury from becoming a major injury or loss.
