FLORIDA WORKERS' COMPENSATION  
HEALTH CARE PROVIDER FEE FOR SERVICE  
REIMBURSEMENT MANUAL

2001 EDITION

Rule 38F-7.020, Florida Administrative Code

In accordance with Section 440.13, Florida Statutes (F.S.), this manual provides reimbursement policies and a schedule of maximum reimbursement allowances for physicians and other licensed health care providers rendering medical services to Florida's injured workers. The maximum reimbursement allowances and procedure codes are listed in Section X.

NOTICES AND DISCLAIMERS

The 2001 Florida Workers' Compensation Health Care Provider Fee for Service Reimbursement Manual provides five-digit numeric codes and modifiers for reporting medical services and procedures that were selected from the following references by the State of Florida, Department of Labor and Employment Security, Division of Workers' Compensation, and the Agency for Health Care Administration for inclusion in this publication. When a service or procedure is performed that does not have a procedure code listed in the 2001 Florida Workers' Compensation Health Care Provider Fee for Service Reimbursement Manual, the physician or health care provider must use a code listed in the following materials:

Physician's Current Procedural Terminology (CPT™), Fourth Edition, Copyright 1999, American Medical Association.

Current Dental Terminology (CDT-3), Third Edition, Copyright 1999, American Dental Association.

2000 HCPCS (HCPCS), Eleventh Edition, Copyright 1999, Ingenix.

The CPT and CDT-3 contain listings of descriptive terms and identifying codes used for reporting medical and dental services and procedures by physicians and dentists.

HCPCS includes a listing of injection medications and numeric codes used for reporting subcutaneous, intramuscular and intravenous injections administered by physicians. HCPCS also contains a listing of descriptive terms and numeric codes used for reporting dental services and procedures performed by dentists.

It is expressly understood and agreed that the American Medical Association's rights include, but not limited to, common law and statutory rights of literary property in the CPT and in any update thereto, including all descriptive terms and identifying codes and modifiers for reporting procedures and medical services and/or any other information or materials contained in the CPT and in any update thereto are not assigned or released as a result of the agreement between the American Medical Association and the State of Florida, but are at all times reserved and retained by the American Medical Association.

CPT codes, descriptions and material only are copyright 1999 American Medical Association. All Rights Reserved. No fee schedules, basic units, relative values or related listings are included in CPT. ## **SECTION I: ADMINISTRATIVE PURPOSE OF MANUAL.**

The administrative purpose of the Florida Workers' Compensation Health Care Provider Fee For Service Reimbursement Manual, 2001 Edition, is to provide reimbursement policies and a schedule of maximum reimbursement allowances for physicians and other licensed health care providers, rendering medical services to Florida's injured workers. Federal facilities are exempt from the reimbursement policies and maximum reimbursement allowances provided in this manual.

All health care providers who participate in a workers' compensation managed care arrangement may enter into contractual agreements for reimbursement. The agreements are made with workers' compensation insurance carriers or entities authorized to do business in Florida. The policies and schedule of maximum reimbursement allowances contained in this manual are not required to be adopted or used in managed care contracts.

## **SECTION II: BASIC PROGRAM REQUIREMENTS.**

### **A. Authorization.**

Florida health care providers, out-of-state providers and federal facilities must be authorized by the employer's workers' compensation carrier or a self-insured employer prior to rendering service. Documented emergency care, defined in section 395.002, Florida Statutes (F.S.), is the only exception to this provision.

### **B. Billing.**

Health care providers, including out-of-state providers and federal facilities, must report medical services rendered and must bill in accordance with rule 38F-7.602, Florida Administrative Code (F.A.C.).

### **C. Certification.**

Florida health care providers, in order to qualify for reimbursement for rendering medical services to injured employees, must comply with provider eligibility requirements in section 440.13, F.S.

### **D. Materials Adopted for Reference.**

1. The following publications are adopted for reference to the listings of descriptive terms and identifying codes for reporting medical services and procedures provided to injured employees by physicians and other health care providers:
  - a. Physicians' Current Procedural Terminology (CPT<sup>™</sup>), Fourth Edition, Copyright 1999, American Medical Association.
  - b. Current Dental Terminology (CDT-3), Third Edition, Copyright 1999, American Dental Association.
  - c. 2000 HCPCS (HCPCS), Eleventh Edition, Copyright 1999, Ingenix.

2. Physicians and providers shall use the procedure codes and descriptions, modifiers, guidelines, definitions and instructions of the referenced CPT, CDT-3 and HCPCS, in part for injections and dental, when billing workers' compensation carriers for medical services rendered to injured employees. The procedure code descriptors, guidelines, definitions, and instructions of these references are not provided in this manual. Any modification to a procedure code descriptor by the workers' compensation program shall be specified and shall take precedence over any referenced descriptor.

E. Medical Records.

1. Required documentation.

Unless instructed otherwise, it is the responsibility of all health care providers to furnish with the medical bill, without charge, the following documentation to the carrier, and to the Division or Agency, if requested.

- a. A complete report of the patient's symptoms, findings and plan of treatment within fifteen (15) days after the service or specific evaluation is rendered unless otherwise specified by law.
- b. An operative report when a surgical procedure is performed.
- c. A narrative report when a consultation or an independent medical examination is rendered.
- d. A narrative report, computerized report or other explanatory report form when a report is listed as part of a procedure code's descriptor, when a report is provided as an explanation of the results of the testing procedures or when anesthesia, pathology, or radiology services are performed.

2. Additional written documentation.

If requested, additional written documentation must be provided by a health care provider to a carrier, without charge, when the medical necessity of medical care must be substantiated in more detail than the information contained in the medical record. Failure to forward the following information, when requested by the carrier, may result in the billed service being disallowed and not reimbursed.

- a. Objective findings that support the need for medical care, as well as continuing treatment.
- b. The estimated period of time and number of services required for treatment.
- c. The anticipated benefits of the treatment to the patient.

3. Special requests.

- a. Carriers may request physicians to complete information on forms not required by the Division or Agency or to prepare special narrative reports. These requests may include reports on the following:
  - (1) Medical evaluation of a proposed job description for an injured employee and the appropriateness of the physical requirements of the job considering the employee's injury and activity limitations.
  - (2) A determination of the kind, type and amount of future medical care and projected cost over a defined period of time.
- b. Reimbursement for special requests shall be agreed upon by the carrier and provider prior to the provider's provision of the service. Reimbursement for special requests, reported under procedure code 99080, shall be made by the carrier at the agreed upon reimbursement amount.

4. Copies of medical records.

- a. A health care provider, when requested, shall provide a copy of the injured employee's medical records to a carrier or carrier's representative, attorney or rehabilitation staff. Reimbursement shall be made to a health care provider for medical records by the carrier as follows:
  - (1) Up to \$1.00 per page for providing copies of requested medical records, or for furnishing duplicates of required documentation, additional written documentation or other records previously submitted to the carrier.
  - (2) An additional fee up to \$1.00 per year for each year of records, when a year or more of medical records are requested by a carrier.
- b. A health care provider, when requested, shall furnish an injured employee or the employee's attorney a copy of the employee's medical chart, records and reports. Reimbursement for medical records shall be made to a health care provider by the employee or employee's representative at \$.50 per page.
- c. A health care provider, when requested, shall furnish the injured employee's non-paper medical records to an injured employee and a carrier or any of their representatives. Reimbursement shall be made to a health care provider by the requesting party at the provider's actual cost for x-rays, microfilm, or other non-paper records.
- d. A health care provider, when requested, shall provide medical records to the Division or Agency without charge. Failure to forward the requested information shall result in administrative action pursuant to the provisions in section 440.13, F.S.

F. Reimbursement Information.

1. Provider payment.

a. Federal facilities.

Federal facilities are exempt from the reimbursement provisions and allowances in this reimbursement manual. Reimbursement shall be made to a federal facility at its usual and customary charge by a carrier.

b. Florida health care providers.

Reimbursement shall be made to a Florida health care provider at the provider's usual and customary charge or this manual's maximum reimbursement allowance, whichever is less.

c. Out-of-state providers.

(1) Prior to the delivery of medical services, a carrier may mutually agree with an out-of-state provider upon the amount of reimbursement to be made by the carrier for the services to be provided. Reimbursement shall be made by the carrier at the reimbursement amount agreed upon by the provider and carrier.

(2) If a reimbursement agreement is not made, the carrier shall reimburse the provider the greater of the applicable maximum reimbursement allowance for the service in this manual, or the maximum reimbursement allowance under the workers' compensation program in the state where the service is provided.

2. Reimbursement guidelines.

a. Procedure codes paid by maximum reimbursement allowances (MRAs).

Reimbursement for procedure codes, billed by a provider that are listed in this manual with assigned MRAs, shall be made by the carrier at the maximum allowance after the application of any reimbursement policies contained in this manual.

b. Procedure codes paid by report (BR).

(1) Reimbursement by the carrier for procedure codes paid by report (BR) shall be based on a provider's documentation submitted to the carrier in a special report containing information on medical necessity, prevailing charges, fees and reimbursement for similar procedures or cost of the services or supplies.

(2) The information, furnished by the provider in a special report to satisfy the BR requirement for reimbursement purposes, shall be in addition to the requirements in Section II. E. Reimbursement by the carrier shall be determined by report (BR) for the following procedure codes:

- (a) Procedure codes that are listed in this manual that do not have an assigned MRA but a BR in the MRA column for specific procedures, services or supplies.
- (b) Procedure codes that are listed in this manual with BR in the MRA column for non-referenced medical procedures billed for the appropriate anatomical area with a generic code ending in " 99 ".
- (c) Valid procedure codes that are listed in the materials adopted for reference in Section II, D. but not listed in this manual.

c. Procedure codes not covered (NC).

Reimbursement shall not be made for services or supplies that are not covered (NC) under Florida's workers' compensation program. Reimbursement shall not be made for procedure codes listed in this manual with NC in the MRA column.

d. Reimbursement exclusions.

- (1) Reimbursement shall not be made for failed appointments. This exclusion does not apply to the statutory provisions for independent medical examinations contained in section 440.13, F.S.
- (2) Reimbursement shall not be made for services or supplies that are provided solely for the purpose of maintaining or promoting the injured employee's health beyond pre-injury health status.

3. Carrier reimbursement responsibilities.

- a. Carriers shall use the procedure codes and descriptions, guidelines, definitions and instructions of the referenced CPT, CDT-3 and HCPCS in part for injections and dental when reviewing bills before making reimbursement decisions.
- b. Carriers shall have a methodology, available upon request by the Division or Agency, for determining reimbursement for procedure codes that have no established MRAs, including unlisted procedure codes and procedure codes that are paid BR.
  - (1) Carriers shall utilize the expertise of physicians for concerns regarding the appropriateness and cost of the medical services reported; billing and coding issues; and reimbursement determinations.
  - (2) Carriers shall make reimbursement decisions based on all the provider documentation; the carrier medical claims data; relative value studies; prevailing charges and reimbursement for procedures, services and supplies; and carrier medical consultant recommendations.
- c. Carriers shall provide an explanation of bill review, which shall comply with the instructions and requirements in rule 38F-7.602, F.A.C.

### **SECTION III: DENTAL SERVICES.**

A. All dental services shall be authorized by a carrier before the services are initiated. Reimbursement to a dentist or oral surgeon shall only be made by a carrier for authorized services.

B. Workers' compensation billing requirements.

Dental services shall be billed by dentists and oral surgeons, pursuant to the following requirements and to the billing instructions in rule 38F-7.602, F.A.C., for LES Forms DWC-9 (HCFA-1500) and DWC-11 (J588).

1. General dental services.

- a. General dental services shall be billed by dentists on LES Form DWC-11.
- b. The dental guidelines and the American Dental Association's dental procedure codes and descriptors shall be used from either the referenced CDT-3 or HCPCS.

2. Oral and maxillofacial surgical services.

- a. Oral and maxillofacial surgical services shall be billed by oral surgeons on LES Form DWC-9.
- b. The surgical guidelines and the American Medical Association's procedure codes, descriptors and modifiers shall be used from the referenced CPT. Surgeons shall refer to the surgical services section of this manual for information on multiple surgical procedures, as well as other surgical reimbursement guidelines.

3. Temporomandibular joint services.

- a. Non-surgical treatment of temporomandibular joint disorders shall be billed by dentists on LES Form DWC-11.
- b. The appropriate guidelines and procedure codes and descriptors shall be used from either the referenced CPT, CDT-3 or HCPCS. A combination of CPT and dental procedure codes may be used. Dentists shall refer to the physical medicine section of this manual for information on physical therapy reimbursement guidelines.

C. Reimbursement.

1. Reimbursement to a dentist for a dental procedure shall be the provider's charge or the listed MRA, whichever is less.
2. Reimbursement to a surgeon for an oral and maxillofacial consultation shall be limited to one consultative visit per date of accident.

## **SECTION IV: DISPENSING OF MEDICATION.**

### **A. Medicinal drugs.**

1. Medicinal drugs, commonly known as legend or prescription drugs, shall be ordered for an injured employee by a licensed physician, authorized by state law to prescribe such drugs and authorized by the carrier to treat the employee.
2. Medicinal drugs are dispensed, stored and sold only by a pharmacist licensed under Chapter 465, F.S., or a dispensing practitioner, according to the provisions in section 465.0276, F.S.
3. Medicinal drugs may be compounded by a pharmacist or physician when the drug formulation prescribed is not available commercially.
4. Federal regulations.
  - a. The Food and Drug Administration requires drug manufacturers to register and list manufactured drug products. The National Drug Code (NDC) is assigned by the manufacturer and placed on all prescription stock packages.
  - b. The NDC must be shown on all pharmaceutical billing unless otherwise defined in rule 38F-7.602, F.A.C.
  - c. The Food and Drug Administration considers the "compounding of drugs" to be the practice of pharmacy/medicine. A compounded drug does not have a NDC.
5. Workers' compensation billing requirements.
  - a. Medicinal drugs shall be billed by a pharmacist on the LES Form DWC-10, pursuant to the billing instructions in rule 38F-7.602, F.A.C.
  - b. Medicinal drugs shall be billed by a dispensing physician on the LES Form DWC-9, pursuant to the billing instructions in rule 38F-7.602, F.A.C. A dispensing physician shall also enter the following information on the LES Form DWC-9:
    - (1) The workers' compensation unique procedure code 96370 in element 24D under the area marked CPT/HCPCS in the first section of this block.
    - (2) The whole numeric quantity dispensed in element 24G.
    - (3) The NDC or the word "COMPOUND" in capital letters in element 24D under the area designated for a two digit modifier and continuing on in the same line in the second section of this block.
6. Reimbursement limitations.
  - a. A pharmacist or physician shall be reimbursed for dispensing medication. Medicinal drugs shall be reimbursed the lesser of:

(1) The pharmaceutical reimbursement formula:

$$\text{Average Wholesale Price (AWP)} \times 1.2 + \$4.18 = \text{Reimbursement}$$

(2) The contracted reimbursement amount determined in accordance with the contractual arrangement between the provider and carrier.

b. A pharmacist or physician shall be reimbursed for a professional service for compounding drugs whose formulations are not commercially available. The amount of reimbursement to be made by the carrier shall be mutually agreed upon by the provider and carrier prior to the compounding.

B. Patent, proprietary or over-the-counter drugs:

1. Proprietary drugs may be dispensed to an injured employee by a physician during an office visit.

a. Billing requirements.

(1) Proprietary drugs shall be billed by a physician on LES Form DWC-9 under procedure code 99070.

(2) An invoice indicating the cost of the proprietary drug shall be submitted to the carrier with the LES Form DWC-9 and shall include the name of the preparation, dosage and package size.

b. Reimbursement.

(1) Reimbursement shall be made at the provider's charge or no greater than 20 percent above the actual cost of the item.

(2) Reimbursement shall not be made for oral vitamins, nutrient preparations and other dietary supplements.

2. Patent, proprietary or over-the-counter drugs may be dispensed by a pharmacist.

a. Billing requirements.

Over-the-counter drugs shall be billed by a pharmacist on LES Form DWC-10 in accordance with the billing instructions in rule 38F-7.602, F.A.C.

b. Reimbursement.

Reimbursement shall be made at the pharmacist's usual charge for the drug.

## **SECTION V: MEDICAL SUPPLIER SERVICES.**

- A. Medical supplies, durable medical equipment (DME), appliances, devices, ocular and hearing aids, prosthetics or orthotics, shall be prescribed by a physician and may be provided to an injured employee by a medical supplier through purchase or rental.
- B. Authorization from the carrier must be obtained by a medical supplier prior to an injured employee receiving any medical equipment or supplies.
- C. The price for renting or selling medical equipment or furnishing other appliances, aids or supplies must be agreed on between the supplier and the carrier at the time authorization is given and accepted by the supplier.
  - 1. The carrier may purchase the item from the supplier after considering and comparing the purchase price with the rental price for the estimated period of time.
  - 2. The carrier may obtain a signed agreement from the supplier, stating that if the item is rented and the amount of the rental payments received equals the purchase price, that the item will become the property of the carrier or injured employee.
- D. Billing requirements.
  - 1. Medical suppliers shall bill on LES Form DWC-10, in accordance with the billing instructions in rule 38F-7.602, F.A.C.
  - 2. A copy of the physician's original order for the supplies or equipment shall be submitted with the billing form. An invoice documenting the actual cost is not required.
- E. Reimbursement.

Reimbursement to a medical supplier shall be made by a carrier at the agreed upon price.

## **SECTION VI: MEDICAL SERVICES.**

- A. Biofeedback Services.
  - 1. Reimbursement to a health care provider for biofeedback services shall be limited to twelve (12) visits by the injured employee per date of accident.
  - 2. Reimbursement to a provider for computer downloading of biofeedback data.
    - a. Computer downloading of biofeedback data, stored on a machine used by the injured employee at home, shall not be reimbursed more than once per week and not more than a total of four (4) times.
    - b. Downloading of biofeedback information by a health care provider during an injured employee's visit for physical medicine services shall not be reimbursed.

B. Evaluation and Management Services.

1. Office visits.

Reimbursement to a physician for evaluation and management services (new patient and established patient visits) shall be made by a carrier for only one (1) visit a day. Reimbursement to a physician for the one (1) visit shall be at the highest level of care provided by the physician.

2. Consultation, confirmatory consultation and follow-up consultation services.

Reimbursement to a physician for a consultation shall include a review of all submitted medical records, paper and non-paper; an examination of the injured employee; and a written report.

C. Impairment Rating.

A treating physician shall perform an examination to evaluate an injured employee's condition; shall certify the employee as having reached maximum medical improvement; and shall assign an impairment rating for the injured employee's body as a whole, as mandated in section 440.15, F.S.

1. A physician shall be reimbursed for an impairment rating billed under procedure code 99455.

2. Reimbursement for an impairment rating shall include the evaluation visit; the establishment of the date of maximum medical improvement, as defined in section 440.02(9), F.S., and the assignment of an impairment rating; the completion of the required information on LES Form DWC-9a; and the submission of the LES Form DWC-9a to the appropriate parties within ten (10) days in accordance with rule 38F-7.603, F.A.C.

D. Independent Medical Examination (IME).

An independent medical examination shall be performed by a physician pursuant to section 440.13(5), F.S.

1. A physician shall be reimbursed for an independent medical examination (IME) under procedure code 99456. The reimbursement amount shall be determined from the number of hours reported by the provider to perform the services and the listed MRA. Reimbursement for an IME shall be limited to payment not to exceed a maximum of two (2) hours.

2. Reimbursement for an IME shall include the review of applicable paper and non-paper medical records; an examination of the injured employee; and a written report.

E. Injections.

1. Subcutaneous, intramuscular and intravenous injections (J-codes and CPT procedure codes).

- a. Reimbursement shall be made to a provider for subcutaneous, intramuscular and intravenous injections (J-codes). Reimbursement for an injection includes a local anesthetic, if necessary.
  - (1) Reimbursement shall be made at the provider's charge or the maximum reimbursement allowance, whichever is less.
    - (a) When an injection is the only service provided during a visit, reimbursement shall be made for both the administration of an injection (CPT procedure code) and the injectable medication (J-code).
    - (b) When an injection is provided during an evaluation and management service, additional reimbursement shall be made for the injection (J-code). Administration of the injection is included in the evaluation and management service.
  - (2) Reimbursement for an unlisted injectable medication, reported as J-code J3490, shall be made BR and shall be limited to no more than twenty (20) percent above the actual cost of the injectable medication, based on submitting the following documentation with the claim form.
    - (a) The name, strength and dosage of the medication.
    - (b) An invoice, verifying the cost of the medication, including shipping and handling and taxes, when applicable.
  - (3) Reimbursement shall be made as follows when multiple medications are administered from the same syringe:
    - (a) Reimbursement shall be made at the provider's charge or the maximum reimbursement allowance, whichever is less for the first drug (J-code).
    - (b) Reimbursement for each additional drug shall be made at the provider's charge or fifty (50) percent of the maximum reimbursement allowance, whichever is less. Each additional drug shall be identified by adding modifier -51 to the procedure code (J-code).
- b. Reimbursement shall be made for immunizations that are documented as medically necessary for treatment. Routine immunizations are not covered.
  - (1) Reimbursement shall be made at the provider's charge or the maximum reimbursement allowance, whichever is less.
    - (a) When a medically necessary immunization is the only service provided during a visit, reimbursement shall be made for both the administration of the immunization (CPT procedure code) and the vaccine or toxoid (CPT procedure code).

(b) When a medically necessary immunization is provided during an evaluation and management service, additional reimbursement shall be made for the vaccine or toxoid (CPT procedure code). The administration of the immunization is included in the evaluation and management service reimbursement.

(2) Reimbursement for an unlisted vaccine or toxoid, reported as procedure code 90749, shall be made BR and shall be limited to no more than twenty (20) percent above the actual cost of the vaccine or toxoid, based on the following documentation submitted with the claim form:

(a) The name, strength and dosage of the vaccine or toxoid.

(b) An invoice substantiating the provider's actual cost of the vaccine or toxoid, including shipping and handling and taxes, when applicable.

2. Injection procedures (CPT procedure codes).

a. Reimbursement shall be made to a provider for injection procedures (CPT procedure codes), such as trigger point injections or an arthrocentesis, aspiration and/or injection into joints and bursa. Reimbursement shall include the administration, anesthetic used for local infiltration and supplies necessary to perform the procedure.

b. Reimbursement shall be made to a provider at the provider's charge or the maximum reimbursement allowance, whichever is less.

c. Reimbursement for an injectable therapeutic medication, reported as procedure code 99070, shall be made in addition to the reimbursement for the injection procedure (CPT procedure code).

(1) Reimbursement for the therapeutic medication shall be made BR and shall be limited to an amount not to exceed twenty (20) percent above the actual cost of the medication to the provider.

(2) The reimbursement shall be based on the submission of the following information with the claim form.

(a) The name, strength and the dosage of the medication.

(b) An invoice verifying the provider's actual cost of the injectable medication including shipping and handling, and taxes, when applicable.

F. Neurology and Neuromuscular Services.

1. Extremity testing, muscle testing and range of motion measurements.

a. Reimbursement for an evaluation and management service shall include extremity testing, muscle testing and range of motion measurements when the testing and measurements are performed during the visit.

- b. When an office visit is made solely for the purpose of conducting tests on a patient, only the tests shall be reimbursed. An evaluation and management service shall not be reimbursed in addition to the testing.
  - c. When two (2) or more muscle tests are performed during a visit, reimbursement shall not exceed the maximum reimbursement allowance for a total evaluation of the body, reported as procedure code 95834.
2. Needle electromyography (EMG).
- a. Reimbursement for needle electromyography shall be made to physicians. Only physicians are qualified to perform needle EMGs and make interpretations of EMG studies.
  - b. When an initial evaluation and management service and a needle EMG are performed during a visit, reimbursement shall be made for both services.
  - c. Reimbursement shall be made to a physician for both a follow-up evaluation and management service and a needle EMG when the EMG is performed on the same day and when the documentation validates the medical necessity of the follow-up evaluation and management service.
  - d. Reimbursement shall be made to a physician for an interpretation of a needle EMG performed in a hospital or other facility when modifier -26 is added to the appropriate procedure code.
  - e. Reimbursement to a physician for needle electromyography shall include the testing and a report and shall be limited to two (2) electromyography procedures in a ninety (90) day period of time.
3. Nerve conduction studies (NCS).
- a. Reimbursement for nerve conduction studies shall only be made to physicians.
    - (1) An initial evaluation must be performed by the physician to determine the nerves to test and the appropriate NCS to be performed.
    - (2) A non-invasive NCS may be performed by a physician-employed technician under the direct supervision of the physician.
    - (3) The interpretation of the NCS must be made by a physician.
  - b. When an initial evaluation and management service and nerve conduction studies are performed during the same visit, reimbursement shall be made for both services.
  - c. Reimbursement shall be made to a physician for both a follow-up evaluation and management service and nerve conduction studies when nerve conduction studies are performed on the same day and when the documentation supports the medical necessity of the follow-up evaluation and management service.

- d. Reimbursement to a physician for nerve conduction studies shall include the testing and a report and shall be made for only two (2) nerve conduction studies in a ninety (90) day period of time. However, there is no restriction on the number of nerves tested in a single study.

G. Ophthalmological Services.

1. Reimbursement for ophthalmological services shall be made for all medically necessary services.
2. Reimbursement shall only be made for spectacles, contact lens or frames of comparable quality to the original when they are damaged, lost or required for treatment as a result of an injury.

H. Psychiatric and Psychological Services.

1. Reimbursement for psychiatric and psychological services shall be made by the carrier to an authorized, licensed medical doctor, osteopathic physician, a psychologist, or mental health practitioner.
2. Reimbursement shall be made for individual psychotherapy services.
3. Reimbursement shall be made to a physician for individual psychotherapy with medical evaluation and management services provided at the therapy session by a physician. An evaluation and management service provided on the same day as psychotherapy with medical evaluation and management services by the same physician shall not be reimbursed.
4. Reimbursement shall only be made for an evaluation and management service when psychotherapy is not provided. Reimbursement shall only be made to physicians for evaluation and management services.
5. When multiple psychotherapy sessions are provided on the same day, only the session lasting the longest period of time shall be reimbursed.
6. Reimbursement for family psychotherapy with or without the injured employee shall be made if the documentation supports that the purpose is related to the treatment of the injured employee's compensable injury. Reimbursement shall not be made for psychological services provided directly to members of the injured employee's family for support and assistance in adjusting to the injured employee's condition.
7. Reimbursement shall be made for central nervous system assessments and tests.
  - a. Reimbursement includes the administration of the test, the interpretation of the test and the report.
  - b. The amount of reimbursement for these services shall be based on the procedure code's descriptor, indicating that the service is per hour or all inclusive.

I. Radiology.

1. Reimbursement shall be made for radiology services, including nuclear medicine and diagnostic ultrasound services.
2. Reimbursement shall be made to a physician for a radiology consultation on an x-ray made by another physician, when documented.
  - a. Reimbursement shall be made for a radiology consultation reported using procedure code 76140.
  - b. Reimbursement for a radiology consultation shall be made only to radiologists and physicians who are certified to perform radiological services.
3. Reimbursement for radiological services, provided in a hospital, ambulatory surgical center or similar facility, shall be made only to radiologists for the professional component, when modifier –26 is added to the radiology code.
4. Reimbursement shall not be made for a professional component (modifier –26) billed in the following situations:
  - a. A professional component billed by a physician for x-rays taken and interpreted by another physician and reviewed during an IME, medical visit or consultation.
  - b. A professional component billed by a physician for reviewing x-rays during an emergency department or hospital visit, when the x-rays were interpreted by the radiologist at the hospital.
5. Additional reimbursement for radiological services, provided in an independent radiology facility, shall be made only to radiologists for a facility charge when the descriptor of the procedure code specifies “supervision and interpretation” services.
  - a. Reimbursement for a facility charge shall be made BR when the workers' compensation unique modifier –FC is added to the radiology code to identify specific “supervision and interpretation” radiological services provided in an independent radiology facility.
  - b. Reimbursement shall not be made for both a technical component (modifier –TC) and a facility charge (modifier –FC) when billed with the same “supervision and interpretation” radiology procedure code. Reimbursement shall only be made for the facility charge as indicated by the radiology procedure code plus modifier –FC.

J. Supplies.

1. Reimbursement shall not be made separately for medical and surgical supplies that are necessary to perform the service. Reimbursement for these supplies is included in the reimbursement for the service.

2. Reimbursement shall be made for special supplies, reported as procedure code 99070.
  - a. Reimbursement shall not exceed twenty (20) percent above the provider's actual cost of the supply.
  - b. Reimbursement by the carrier shall be determined from the invoice substantiating the provider's cost of the supply, including shipping and handling, and taxes when applicable, that must be submitted by the provider with the bill.

K. Thermography.

1. Authorization.

The carrier shall not authorize a physician to perform thermography any earlier than forty-five (45) days after the date of accident unless documentation of medical necessity is submitted to the carrier along with the request for authorization.

2. Reimbursement.

- a. Reimbursement for thermography shall be limited to one body area, either major or limited.

(1) Major body areas. (The following areas include all views.)

- (a) Head.
- (b) Cervical spine and upper extremities.
- (c) Lumbosacral spine and lower extremities.

(2) Limited body areas. (The following areas include all views.)

- (a) Thoracic spine.
- (b) Any portion of a major area.

- b. Reimbursement for thermography to a major body area shall be made at the provider's charge or the MRA, whichever is less.
- c. Reimbursement for thermography to a limited body area, reported by adding modifier -52 to the procedure code shall be made at the provider's charge or fifty (50) percent of the MRA, whichever is less.
- d. Reimbursement shall be made for diagnostic technical services, performed by independent authorized technicians not employed by physicians, per the guidelines in this manual.

L. Transcutaneous Neurostimulator.

1. Reimbursement for the transcutaneous neurostimulator (TNS).

- a. Reimbursement for a transcutaneous (surface) neurostimulator, prescribed by a physician and provided to an injured employee, shall be made to an authorized physician or provider.
  - (1) Authorization and a prior agreement shall be obtained from the carrier for rental or purchase of a TNS prior to a physician or provider furnishing a TNS to the injured employee.
  - (2) Reimbursement for a TNS shall be made at the price agreed upon between the provider and the carrier when authorization was given by the carrier.
  - (3) Reimbursement shall not exceed twenty (20) percent above the provider's documented cost when the TNS is purchased. A copy of the provider's invoice substantiating the purchase price shall be submitted with the claim form.
- b. Reimbursement for a transcutaneous neurostimulator, prescribed by a physician and provided to an injured employee through rental or purchase, shall be made to an authorized medical supplier.
  - (1) Authorization from the carrier must be obtained by a medical supplier prior to an injured employee receiving the TNS.
  - (2) The price for renting or selling the TNS must be agreed on between the supplier and the carrier at the time authorization is given and accepted by the supplier.
    - (a) The carrier may purchase the TNS from the supplier after considering and comparing the purchase price with the rental price for the estimated period of time.
    - (b) The carrier may obtain a signed agreement from the supplier stating that if the TNS is rented and the amount of the rental payments received equals the purchase price that the TNS will become the property of the carrier or injured employee.
  - (3) A copy of the physician's original order for the TNS shall be submitted with the claim form. An invoice documenting the actual cost is not required.
2. Reimbursement shall be made to an authorized physician or provider for furnishing limited training to an injured employee on the application of a transcutaneous neurostimulator, reported as procedure code 64550. Reimbursement is limited to no more than four (4) training sessions.

## **SECTION VII: PHYSICAL MEDICINE AND REHABILITATION SERVICES.**

### **A. General Information.**

1. Physical medicine and rehabilitation services shall be prescribed by a physician.

2. The Florida workers' compensation program shall reimburse authorized providers, as specified in this section, for three levels of physical medicine and rehabilitation services:
  - a. Level I applies to acute injuries which are evaluated, tested and treated with modalities and therapeutic procedures to reduce symptoms, restore function and return the injured employee to work.
  - b. Level II focuses on injuries requiring intensive physical reconditioning services to restore the injured employee to pre-injury level of physical health and function. The goal shall be for the employee to return to a job or become physically reconditioned.
  - c. Level III covers multidisciplinary intervention services that address the physical, psychological, social, functional and vocational needs of an injured employee. Specifically, work hardening services and pain program services shall only be performed in a facility accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). These services are provided through the following CARF programs: Outpatient Medical Rehabilitation Program; Occupational Rehabilitation Program; or Interdisciplinary Pain Rehabilitation Program.

B. Level I: Physical Medicine Services.

1. Authorization.
  - a. Reimbursement shall only be made for carrier authorized Level I services, based on a signed order from the authorized, treating physician. All services shall be authorized prior to the initiation of services.
  - b. Reimbursement for physical medicine services shall only be made to the following providers:
    - (1) A licensed physician, including physical medicine services provided by a physician-employed therapist and billed by the physician.
    - (2) A licensed therapist or provider, not employed by a physician.
  - c. Reimbursement for physical medicine services shall not exceed one (1) visit per day, unless specifically authorized by the carrier.
  - d. Reimbursement for Level I services shall only be made for six (6) months after the date of injury, unless specifically determined to be medically necessary by the treating physician and authorized by the carrier.
2. Initial evaluation.
  - a. Reimbursement for an initial evaluation, provided by a physician or a physician-employed therapist shall be made when billed by a physician as an evaluation and management service. Separate reimbursement shall not be made to a physician and to a physician-employed therapist for an evaluation by each.

- b. Reimbursement for an initial evaluation performed by a therapist, not employed by a physician, shall be made when billed by the therapist under procedure code 97001 or 97003.
  - c. Reimbursement for an initial evaluation shall include an evaluation and a plan of care or treatment. The documentation shall be submitted to the carrier with the claim form within fifteen (15) days following the evaluation. At a minimum, the documentation shall contain:
    - (1) The evaluation findings, including any functional limitations.
    - (2) The proposed therapy, specifying the frequency and duration of the services.
    - (3) The anticipated degree of restoration of function with measurable goals.
  - d. If the carrier questions the appropriateness of the therapy in the plan of care, it shall be the responsibility of the authorized treating physician to provide documentation of medical necessity for the therapy to the carrier.
  - e. Reimbursement shall not be made for an initial evaluation by an authorized therapist or provider when the referral received from the treating physician only orders a specific therapy.
3. Re-evaluation.
- a. A re-evaluation shall only be performed when the re-evaluation is authorized by the carrier based on a documented exacerbation of the injury or a surgical intervention by the treating physician.
  - b. Reimbursement shall only be made for a re-evaluation, when one of the conditions in Section VII.B.3.a. is documented and only when the service is performed by a therapist not employed by a physician. A re-evaluation must be billed using either procedure code 97002 or 97004.
4. Revised plan.
- a. A revised plan of care or treatment shall be submitted by the physician or therapist to the carrier, when appropriate.
  - b. An authorized treating physician has the responsibility of providing documentation of medical necessity for the therapy if questioned by the carrier.
5. Modalities and therapeutic procedures.
- a. Reimbursement to a provider for therapy shall be limited to one (1) visit a day.
  - b. Reimbursement to a provider shall be made for the modalities and therapeutic procedures listed in the plan of care with the limitation that no more than four (4) units of service shall be reimbursed per visit.

- (1) Procedure codes 97010-97542 shall each equal one (1) unit of service.
- (2) Procedure code 97150 shall be restricted to one (1) reimbursable unit of service per visit.

6. Manipulative treatment.

- a. Reimbursement to a physician for a manipulative treatment shall be limited to one (1) visit a day.
- b. Reimbursement for manipulative treatment under workers' compensation shall be limited to two (2) body regions.
  - (1) The entire spine is one (1) region.
  - (2) Each of the following is one (1) region: head; two (2) upper extremities; two (2) lower extremities; one (1) upper and one (1) lower extremity; rib cage; and abdomen.
- c. Reimbursement for manipulative treatment to the two (2) regions, listed in Section VII.B.6.b., shall be made for workers' compensation unique procedure codes 97260 and 97261, specifically designated for physicians other than osteopaths and chiropractors.
  - (1) Reimbursement shall be made for procedure code 97260, when used to bill for a spinal manipulation. The spine shall be reimbursed as one (1) entity for workers' compensation, although there are four (4) spinal regions (cervical; thoracic; lumbosacral; and sacroiliac).
  - (2) Reimbursement shall be made for procedure code 97261, when used to bill for a manipulation of the temporomandibular joint; the upper extremities, including the hand and wrist; the lower extremities; and other regions.
- d. Reimbursement for osteopathic manipulative treatment (OMT) to the two (2) regions, listed in Section VII.B.6.b., shall be made for procedure codes 98926 and 98928.
  - (1) Reimbursement shall be made for procedure code 98926, when used to bill for a spinal manipulation. The spine shall be reimbursed as one (1) entity for workers' compensation, although there are five (5) spinal regions (cervical region; thoracic region; lumbar region; sacral region; pelvic region).
  - (2) Reimbursement shall be made for procedure code 98928, when used to bill for a manipulation to the head region; lower extremities; upper extremities; rib cage region; and abdomen and viscera region.
- e. Reimbursement for chiropractic manipulative therapy (CMT) to the two (2) regions, listed in Section VII.B.6.b., shall be made for procedure codes 98941 and 98943. These manipulation codes are specifically designated for chiropractic physicians.

- (1) Reimbursement shall be made for procedure code 98941, when used to bill for a spinal manipulation. The spine shall be reimbursed as one (1) entity for workers' compensation, although there are five (5) spinal regions: cervical region (includes atlanto-occipital joint); thoracic region (includes costovertebral and costotransverse joints); lumbar region; sacral region; and pelvic (sacroiliac joint) region.
- (2) Reimbursement shall be made for procedure code 98943, when used to bill for a manipulation to the head (including temporomandibular joint, excluding atlanto-occipital) region; lower extremities; upper extremities; rib cage (excluding costotransverse and costovertebral joints); and abdomen, which are extraspinal regions.

7. Acupuncture.

- a. Reimbursement for acupuncture with one (1) or more needles shall be made to a physician or licensed provider not employed by a physician.
- b. Reimbursement for acupuncture shall be limited to one (1) visit a day.

8. Tests and measurements.

- a. Reimbursement for muscle testing and range of motion measurements shall include the testing and a report. Reimbursement to a provider shall be limited to one (1) visit by an injured employee per thirty (30) days for each test performed to the same body area.
- b. Reimbursement shall be made for the workers' compensation unique procedure code 97752, specifically designated to use in billing a test or measurement performed manually or by mechanical equipment. Reimbursement shall include a report of the results of the testing or measurement.

9. Medical supplies.

- a. Reimbursement shall be made to a provider for procedure code 99070 when medical supplies are used in addition to the normal supplies for a physical medicine service.
- b. Reimbursement to a provider shall not exceed twenty (20) percent above the provider's actual cost of the item. An invoice substantiating the provider's cost of the item, including shipping and handling, and taxes when applicable, shall be submitted to the carrier with the claim form for reimbursement.

C. Level II: Physical Reconditioning Services.

1. Authorization.

- a. Reimbursement shall only be made for carrier authorized Level II services, based on a signed order from the authorized, treating physician.

- (1) An authorization for physical reconditioning services shall be based on the results of one of the following evaluations: a routine evaluation by a physician; functional capacity evaluation by an interdisciplinary team accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF); or a physical reconditioning assessment performed by an independently practicing occupational or physical therapist.
  - (2) Authorization shall not be made for services to begin any earlier than thirty (30) days following the employee's date of accident except when recommended by a CARF accredited interdisciplinary team.
  - (3) Authorization shall not be made for services to continue beyond one-hundred and eighty (180) days after the employee's date of accident except when recommended by a CARF accredited interdisciplinary team.
- b. Reimbursement for physical reconditioning services shall only be made to an authorized occupational or physical therapist not employed by a physician.
2. Physical reconditioning assessment.
    - a. Reimbursement shall be made for a physical reconditioning assessment that includes procedures to test and identify an injured employee's specific strength, endurance, flexibility and motor control needs.
    - b. Reimbursement for a physical reconditioning assessment shall be limited to reimbursement for an assessment lasting no longer than eight (8) hours.
      - (1) Reimbursement shall be made for workers' compensation unique procedure codes 97850 and 97851, specifically designated to use in reporting physical reconditioning assessments.
      - (2) Reimbursement shall be made for procedure code 97850, when used to bill per hour charges for a physical reconditioning assessment.
      - (3) Reimbursement shall be made for procedure code 97851, when used to bill each additional thirty (30) minutes of a physical reconditioning assessment.
    - c. Reimbursement for an assessment shall include a written report, which shall be used in determining an employee's eligibility for a physical reconditioning program, in designing a physical reconditioning program; or in discharging an injured employee from a program.
3. Physical reconditioning program.
    - a. Reimbursement for a physical reconditioning program shall be limited to reimbursement for a program lasting no longer than sixty (60) hours during a six (6) week period, including up to eight (8) hours for a physical reconditioning assessment.

- (1) Reimbursement shall be made for workers' compensation unique procedure codes 97801 and 97802, specifically designated to use in reporting for physical reconditioning.
  - (2) Reimbursement shall be made for procedure code 97801, when used to bill per hour charges for physical reconditioning.
  - (3) Reimbursement shall be made for procedure code 97802, when used to bill each additional thirty (30) minutes for physical reconditioning.
- b. Reimbursement shall be made for physical reconditioning services when the services are provided alone, concurrently with or subsequent to Level I services by the same authorized occupational or physical therapist.
  - c. Reimbursement for an extension of the program shall be limited to reimbursement for an additional twenty (20) hours during a two (2) week period. An extension shall be ordered by the physician and authorized by the carrier based on a recommendation from a CARF accredited interdisciplinary team.
4. Discharge from the physical reconditioning program.
- a. The treating physician shall determine if the injured employee shall be discharged from the physical reconditioning program before completion. If the injured employee has not completed the program and the treating physician recommends discontinuance of the program, the physician shall provide discharge information to the injured employee, the carrier and the therapist without charge.
  - b. Upon program completion, a report of the following shall be sent by the therapist without charge to the treating physician and the carrier with the final bill:
    - (1) The injured employee's current clinical status and degree of reconditioning/restoration; and
    - (2) Return to work recommendations.
5. Limitations of program.
- a. Reimbursement to a therapist shall be made for only one (1) physical reconditioning program for an injured employee per date of accident, unless authorized by the carrier for a documented exacerbation of the injury or surgical intervention by the treating physician.
  - b. Reimbursement to a therapist shall be made for either a functional capacity evaluation or a physical reconditioning assessment when both are provided to the injured employee in a CARF accredited facility in conjunction with a physical reconditioning program.

D. Level III: Multidisciplinary Services.

1. Authorization.

- a. Reimbursement shall only be made to a facility for carrier authorized Level III services, based on a signed order from the authorized, treating physician. All services shall be authorized prior to the initiation of services.
- b. Reimbursement for Level III services shall only be made to a facility, accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF), except for a facility operating pursuant to Chapter 395, F.S., as part of a hospital.

2. Functional Capacity Evaluation (FCE).

- a. Reimbursement for a functional capacity evaluation shall be made when an evaluation is provided in a CARF accredited facility in one of the appropriate interdisciplinary programs.
- b. Reimbursement for a functional capacity evaluation shall be made when an evaluation is performed by a licensed provider, employed by the facility to determine the injured worker's functional or vocational status. An evaluation must include one or more of the following:
  - (1) A baseline evaluation of the injured worker's functional ability to perform work activities.
  - (2) A job capacity evaluation of the match between the injured worker's capabilities and the demands of a specific job.
  - (3) An occupational capacity evaluation of the match between the injured worker's capabilities and the demands of an occupational group.
  - (4) A work capacity evaluation by the match between the injured worker's capabilities and the demands of competitive employment.
- c. Reimbursement shall be made for workers' compensation unique procedure code 97750, specifically designated for use solely by a CARF accredited facility in reporting a functional capacity evaluation.
  - (1) The reimbursement for a functional capacity evaluation includes a written program plan or a written report if a program is not recommended.
  - (2) If an interdisciplinary program is not recommended for the employee based on this evaluation, the facility shall provide the results of the evaluation and recommendations to the injured employee, the carrier and the treating physician without charge.

3. Work hardening program.
  - (a) Reimbursement for a work hardening program shall be made to a facility for the duration of the recommended individualized program.
    - (1) Reimbursement shall be made for workers' compensation unique procedure codes 97545 and 97546, specifically designated to use exclusively in reporting for a work hardening program.
    - (2) Reimbursement shall be made for procedure code 97545 when used to bill the initial two (2) hours each day of a work hardening program.
    - (3) Reimbursement shall be made for procedure code 97546 when used to bill each additional hour each day of a work hardening program.
4. Interdisciplinary pain program.
  - a. Reimbursement for an interdisciplinary pain management program shall be made to a facility for the recommended time indicated in the injured employee's individual program plan.
  - b. Reimbursement shall be made for biofeedback; physical and rehabilitation medicine services; pharmacy services; psychological and psychiatric services and testing; musculoskeletal services tests and measurements; neuromuscular services tests and studies and other medically necessary services during the course of the program.
    - (1) The services provided must relate to the physical, psychological, social, functional and vocational goals of the program's plan for the employee.
    - (2) Reimbursement shall be made for the reported CPT procedure codes and submitted with documentation.
5. Discharge from a CARF accredited program.
  - a. The facility's program director shall determine if the injured employee shall be discharged from the work hardening or pain program before completion. If the injured employee has not completed the program and the program director recommends discontinuance of the program, the director shall provide discharge information to the injured employee, the carrier and the treating physician without charge.
  - b. Upon program completion, a report shall be sent by the facility's program director without charge to the treating physician and to the carrier with the final bill. The report shall include:
    - (1) The injured employee's current clinical status and plan for transition from the program; and
    - (2) Return to work recommendations including mechanisms for facility coordination.

## **SECTION VIII: SURGICAL SERVICES.**

### **A. General reimbursement information.**

1. Reimbursement for a surgical package (global reimbursement) shall be made to a physician for the provision of certain services before and after surgery. These services include:
  - a. The immediate pre-operative visit, regardless of location of service.
  - b. Local anesthesia, if appropriate.
  - c. The surgical procedure and operative report.
  - d. The normal, uncomplicated follow-up care for the time periods listed in the follow-up days column (FU days) in Section X.
2. Reimbursement shall be made for other services in addition to the surgical package in the following situations when:
  - a. A preoperative visit is the initial visit, when prolonged detention or evaluation is necessary to prepare an injured employee and when there is a need to establish the reason for a particular type of surgery.
  - b. The preoperative visit is a consultation.
  - c. The preoperative services are not part of the usual preparation for the particular surgical procedure.
  - d. The services are to treat complications, exacerbations, recurrences, or other diseases and injuries. Documentation substantiating the medical necessity of the additional services rendered shall be submitted with the claim form.
3. Reimbursement shall be made for additional surgery performed during the follow-up period.
  - a. Reimbursement for surgical services shall be made when an additional surgery is performed during the postoperative period of another surgical procedure.
  - b. Reimbursement for normal postoperative care shall be made according to the separate follow-up day periods that shall run concurrently.

### **B. Reimbursement for surgical assistants, two (2) surgeons and surgical team.**

1. Surgical assistants.
  - a. Reimbursement shall be made by the carrier to a physician for surgical assistant services. Reimbursement to the physician shall be the physician's usual and customary charge or twenty-five (25) percent of the MRA, whichever is less.

- b. Reimbursement shall be made by the carrier to a non-physician assistant for surgical assistant services at an amount not to exceed seventy-five (75) percent of the allowance that would have been reimbursed if a physician had assisted at surgery, based on carrier compliance with the following:
  - (1) Reimbursement to a non-physician assistant shall only be made if the assistant is qualified by state licensure to assist at surgery.
  - (2) Reimbursement to a non-physician assistant shall only be made when a carrier has provided written authorization to the non-physician assistant prior to the surgery or a physician is not available to assist at surgery when an emergency medical condition exists.
  - (3) Reimbursement shall be made to a non-physician assistant for services rendered after the carrier receives a properly completed claim in accordance with rule 38F-7.602, F.A.C.

2. Two surgeons.

- a. Reimbursement shall be made to two (2) different surgeons at the same operative session for their performance of separate surgical services. The services shall be identified by the same procedure code with modifier –62 added. Reimbursement to each surgeon shall be made at each provider's usual and customary charge or sixty-two and one-half (62.5) percent of the MRA, whichever is less.
- b. Reimbursement shall be made to two (2) surgeons for performing different surgical procedures, identified by distinct, unmodified procedure codes, at the same operative session. Reimbursement to each surgeon shall be made at each surgeon's usual and customary charge or the MRA, whichever is less.
- c. Reimbursement shall not be made to either surgeon until the carrier has received and reviewed each surgeon's bill and individual operative report.

3. Surgical team.

Reimbursement for a surgical team shall be made BR to each team member for each surgeon's surgical service. Each team member shall identify the specific procedure with modifier –66 added to the procedure code.

C. Reimbursement for multiple procedures.

- 1. Reimbursement shall be made for all medically necessary procedures when more than one (1) procedure is performed at a single operative session.
- 2. Reimbursement for the primary surgical procedure shall be made at the provider's charge or the MRA, whichever is less.

3. Reimbursement for an additional procedure shall be made at the provider's charge or fifty (50) percent of the listed MRA, whichever is less. The additional procedure shall be identified when modifier -51 is added to the procedure code to indicate the performance of multiple procedures.

D. Reimbursement for bilateral procedures.

1. Reimbursement shall be made for bilateral procedures that are performed at the same operative session.
2. Reimbursement for a bilateral procedure that contains the word "bilateral" in the descriptor shall be made at the provider's charge or the listed MRA, whichever is less.
3. Reimbursement for a bilateral procedure that does not indicate that it is bilateral shall be made, as follows, when the procedure is billed twice:
  - a. Reimbursement for the first procedure shall be made at the provider's charge or the listed MRA, whichever is less.
  - b. Reimbursement for the second procedure, identified by adding modifier -50 to the procedure code, shall be made at the provider's charge or fifty (50) percent of the listed MRA, whichever is less.

**SECTION IX: ANESTHESIA SERVICES.**

A. Anesthesia definitions.

1. "Anesthesia Reimbursement Allowance (ARA)" means the maximum reimbursement allowance paid to a provider for an anesthesia procedure.
2. "Basic Value (BV) or base unit" means the value of all usual anesthesia services, except the time actually spent in anesthesia care and any modifiers.
3. "CRNA" means a certified registered nurse anesthetist licensed by section 464.002, F.S.
4. "Time (TM) Units" means the number of units of time that a procedure requires, which is calculated by dividing the total anesthesia time (total minutes) by either ten (10) minute intervals for anesthesiologists, or fifteen (15) minute intervals for CRNAs.

- B. Reimbursement shall be made for authorized medically necessary anesthesia services. Anesthesia reimbursement is based on several variables specific to the particular anesthesia service billed. The charge submitted for a specific anesthesia code varies each time a service is reported for reimbursement. Reimbursement shall be based on application of the following values, physical status modifiers and certain qualifying circumstances.

1. Basic value (BV) or base unit.

- a. The usual preoperative and postoperative visits, the administration of fluids and/or blood products incident to the anesthesia care and interpretation of non-invasive monitoring (ECG, temperature, blood pressure, oximetry, capnography and mass spectrometry) are included in the basic value.
  - b. When multiple surgical procedures are performed during an operative session, the basic value for the anesthesia procedure with the highest value is billed and reimbursed.
  - c. The basic value units, listed in Section X. under Anesthesia, for each anesthesia procedure code, are used in calculating reimbursement.
2. Time (TM) units.
- a. Anesthesia time begins when the provider starts to prepare the injured employee for anesthesia care in the operating room or in an equivalent area, and stops when the provider is no longer in personal attendance.
  - b. Anesthesia time shall be billed as the total number of minutes of anesthesia according to the instructions in rule 38F-7.602, F.A.C. For example, one (1) hour and fifteen (15) minutes of anesthesia must be billed as 75 minutes of anesthesia.
  - c. The minutes of anesthesia must be converted into time (TM) units as follows:
    - (1) For anesthesiologists, each ten (10) minutes of anesthesia time equals one (1) unit of anesthesia and each minute over a unit has a value of one-tenth (1/10) unit.
    - (2) For CRNAs, each fifteen (15) minutes of anesthesia time equals one (1) unit of anesthesia and each minute over a unit has a value of one-fifteenth (1/15) unit.
    - (3) For codes providing BV + TM, time units shall be calculated and added to the listed BV to determine the reimbursement for the anesthesia services.
    - (4) Only the BV units apply for codes without a time unit (TM) after the base unit. For some anesthesia services, time is not reported additionally. Therefore, additional units of time are not calculated for these codes when determining reimbursement.
3. Physical status modifiers.
- a. Anesthesia services shall warrant additional reimbursement for units based upon the injured employee's condition and the complexity of the anesthesia service provided.
  - b. A physical status modifier shall be determined to rank the injured employee's condition. Additional reimbursement shall be based on the unit value for the specific physical status modifier.

<u>Physical Status Modifiers</u>	<u>Unit Values</u>
P1    A normal healthy patient	0
P2    A patient with mild systemic disease	0
P3    A patient with severe systemic disease	1
P4    A patient with severe systemic disease that is a constant threat to life	2
P5    A moribund patient who is not expected to survive without the operation	3
P6    A declared brain dead patient whose organs are being removed for donor purposes	0

4. Anesthesia services, which are provided under particularly difficult circumstances, may warrant additional reimbursement for unit values based on unusual events. This subsection includes a list of important qualifying circumstances that impact on the anesthesia service provided. These procedures are not reported alone but are reported as additional procedure numbers qualifying an anesthesia procedure for additional reimbursement. The listed unit value must be added to the basic unit values to obtain the reimbursement. List each of the following codes separately in addition to the procedure code for the primary anesthesia procedure.

<u>Qualifying Circumstances</u>	<u>Unit Values</u>
99100    Anesthesia for patient of extreme age, under one year and over seventy	1
99116    Anesthesia complicated by utilization of total body hypothermia	5
99135    Anesthesia complicated by utilization of controlled hypotension	5
99140    Anesthesia complicated by emergency conditions (specify)	2

- C. Reimbursement for anesthesia services shall be made at the provider's usual charge or the anesthesia reimbursement allowance (ARA), whichever is less.

1. Methodology for calculating the anesthesia reimbursement allowance (ARA) for procedures that are listed basic value (BV) + time (TM).
  - a. Select the applicable anesthesia procedure code and basic value from the schedule in Section X.

- b. Determine the time units according to Section IX.B.2.c. (ten [10] minutes = one [1] time unit for an anesthesiologist and fifteen [15] minutes = one [1] time unit for a CRNA).
  - c. Any minutes that exceed a whole unit are counted as partial units (fractions of units), such as one (1) minute is one-tenth (1/10) unit for an anesthesiologist and one-fifteenth (1/15) unit for a CRNA.
  - d. Determine any additional units that are justified by the physical status modifiers or qualifying circumstances addressed above in Section IX.B.3. and B.4. respectively.
  - e. Add the basic value, time units, physical status modifier and applicable qualifying circumstances to determine the total anesthesia value.
  - f. Multiply the total anesthesia value by the conversion factor of \$28.08 to obtain the anesthesia reimbursement allowance.
2. Methodology for calculating the anesthesia reimbursement allowance (ARA) for procedures that are listed only basic value (BV) and no time.

Multiply the basic value by the conversion factor of \$28.08 to obtain the anesthesia reimbursement allowance.

3. Methodology for calculating the anesthesia reimbursement allowance (ARA) for monitored anesthesia care.
  - a. Follow the guidelines, as applicable, in Section IX.C.1. as though anesthesia was administered (basic value + time).
  - b. Multiply the total anesthesia value by the conversion factor of \$28.08 to obtain the anesthesia reimbursement allowance.

D. Reimbursement for medical direction provided by anesthesiologist.

1. Medical direction for CRNA employed by anesthesiologist.
  - a. Reimbursement shall be made to the anesthesiologist only for anesthesia services which are billed under the name and license number of the physician-employer.
  - b. No additional reimbursement shall be made for supervisory services rendered by the physician.
2. Medical direction for a CRNA not employed by the anesthesiologist.
  - a. The CRNA shall bill and shall be reimbursed based on the number of units of time that a procedure requires which is calculated by dividing the total anesthesia time by fifteen (15) minute intervals for CRNAs.

- b. Reimbursement shall be made to an anesthesiologist for providing medical direction, including preoperative and postoperative evaluations. Medical direction shall be billed by the anesthesiologist by adding a unique workers' compensation modifier –QY to the anesthesia procedure code.
  - c. Reimbursement for medical direction by anesthesiologists shall be the provider's charges or fifty (50) percent of the anesthesia reimbursement allowance, whichever is less.
- E. Reimbursement for local anesthesia. Reimbursement for infiltration, digital block or topical anesthesia administered by an operating surgeon or surgeon's assistant is included in the global reimbursement for the surgical procedure and shall not be separately reimbursed.
- F. Reimbursement for regional or general anesthesia provided by an operating surgeon or surgeon's assistant.
- 1. Reimbursement shall be made for regional or general anesthesia to an operating surgeon or surgeon's assistant in addition to the surgical procedure performed by adding modifier –47 to the surgical procedure code billed. Anesthesia procedure codes and nerve block codes shall not be used for billing regional anesthesia for a surgical procedure.
  - 2. Reimbursement shall be the provider's usual charge or the anesthesia reimbursement allowance, whichever is less.

**APPENDIX A**  
**DEFINITIONS**

## APPENDIX A. DEFINITIONS.

- (1) "Agency" means the Agency for Health Care Administration.
- (2) "Authorization" means the approval given to a health care provider by the carrier or self-insured employer for the provision of medical services to an employee.
- (3) "Billing" means the completion and submission of a form to the carrier in order to receive reimbursement for health care services provided to an injured employee.
- (4) "Coding system" means a systematic listing of codes to identify either established diagnosis or procedures and services rendered by health care providers.
- (5) "Commission on Accreditation of Rehabilitation Facilities (CARF)" is a not-for-profit organization whose mission is to promote the quality, value and optimal outcomes of services through a consultative accreditation process that centers on enhancing the lives of people in need of rehabilitation and served by CARF accredited organizations and rehabilitation programs.
- (6) "Consultation" means services rendered by a physician whose opinion or advice is requested by another physician regarding the further evaluation and management of the injured employee.
- (7) "Descriptor" means the narrative description of a procedure or service which is represented in a coding system by a specific code.
- (8) "Durable medical equipment" means articles of a permanent nature which are prescribed for prolonged or continuous use.
- (9) "Exclusion" means a procedure, service or supply that is not reimbursable under the workers' compensation program.
- (10) "Fee for service" means a payment for a medical service rendered outside a managed care arrangement.
- (11) "Health care provider" is defined in s. 440.13(1), F.S.
- (12) "Limitations" mean the restrictions placed on the reimbursement of medical services.
- (13) "Maximum reimbursement allowance (MRA)" means the maximum dollar amount established to reimburse a health care provider for medical services or supplies.
- (14) "Medical record" means the medical file that contains information that identifies the patient, supports the diagnosis, justifies the treatment and documents the care provided.

- (15) "Medical supplier" means an individual or entity who furnishes medical equipment, supplies, appliances, devices, ocular and hearing aids, prosthetics or orthotics as prescribed by a physician.
- (16) "New patient" means an injured employee who is new to the health care provider or is an established patient with a new compensable injury or illness.
- (17) "Non-covered (NC)" means a service or supply that is not reimbursable under the workers' compensation program. These services and supplies are identified by "NC" in the MRA column in the schedule of maximum reimbursement allowances.
- (18) "Orthotics" mean mechanical appliances that are used to support and correct deformities.
- (19) "Procedure" means a medical service rendered to an injured employee during the course of treatment.
- (20) "Professional component" means that portion of a diagnostic procedure that consists of the physician's professional services. This includes examination of the patient when indicated, the performance and the supervision of the procedure and an interpretation and written report of the procedure.
- (21) "Prosthetics" mean artificial substitutes that are used to replace missing parts or devices to augment performance of a natural function.
- (22) "Referral" means the transfer of the total or specific care of a patient from one physician to another.
- (23) "Technical component" means the portion of certain diagnostic procedures that includes the provision of personnel, materials and equipment to perform the procedures or studies.
- (24) "Unlisted procedure" means a procedure code that is not listed in this schedule, but is in the Physicians' Current Procedural Terminology, Fourth Edition, Copyright 1999, American Medical Association; the Current Dental Terminology, Third Edition, Copyright 1999, American Dental Association; or the 2000 Health Care Provider Coding System, Eleventh Edition, Copyright 1999, Ingenix. All of these references are incorporated by rule 38F-7.020, Florida Administrative Code.
- (25) "Usual charge" means the customary fee billed by a health care provider.

# **APPENDIX C**

## **MODIFIERS**

## APPENDIX C. MODIFIERS.

1. Modifiers, used in the workers' compensation program, change the basic services reported and require different reimbursements from the MRAs listed for the unmodified basic services. Modifiers are two (2) characters: alpha, numeric or an alpha-numeric combination.
2. The CPT has two (2) methods of reporting modified services.
  - a. The CPT uses a five (5) digit numeric modifier code.
    - (1) This code is separate and is not added to the basic service.
    - (2) Reimbursement for a five (5) digit numeric modifier code is excluded.
  - b. The CPT has a two (2) digit numeric modifier series, which adds the modifier to the procedure code of the basic procedure.
    - (1) Reimbursement shall be made for all of the two (2) digit numeric modifiers provided in the CPT, when the service is medically necessary.
      - (a) The guidelines in the CPT must be followed for each modifier reported by the provider.
      - (b) In some situations, it may be necessary for the provider to submit a report with the bill to explain the circumstances in order for a carrier to determine reimbursement.
      - (c) Certain modifiers shall be reimbursed the provider's charge or the listed MRA, whichever is less.
    - (2) There is no additional reimbursement for any two (2) digit CPT Level I and Level II modifiers reported on the claim form.
3. In addition to the CPT modifiers, workers' compensation has three (3) unique modifiers for reporting a change to the basic service. These two (2) character alpha modifiers include the following:
  - a. Modifier –FC (Facility Charge/"Supervision and Interpretation" Radiology Services)

When a radiology procedure's descriptor indicates that the service is for "supervision and interpretation" and the procedure is performed by a radiologist in a radiology facility, the facility charge shall be billed by adding modifier –FC to the basic radiology procedure code. Additional reimbursement shall be made by BR to a radiologist in an independent radiology facility for a facility charge.
  - b. Modifier –TC (Technical Component)

When the technical component of a procedure (personnel, materials, equipment, space and supplies) is rendered by a health care provider other than the physician performing

the professional component of the procedure, the provider shall bill the technical component by adding modifier –TC to the appropriate procedure code. Reimbursement shall be the provider's charge, or the listed MRA whichever is less.

c. Modifier –QY (Medical Direction/CRNA Anesthesia Services)

When an anesthesiologist is not personally administering the anesthesia but is providing medical direction for the anesthesia services provided by a nurse anesthetist, not employed by the anesthesiologist, the physician shall bill for the medical direction service by adding modifier –QY to the anesthesia procedure code. The medical direction service includes the preoperative and postoperative anesthesia care. Reimbursement for medical direction services by an anesthesiologist shall be the provider's charge, or fifty (50) percent of the anesthesia reimbursement allowance, whichever is less.
