

Approp Year

Purpose

The purpose of this document is to communicate the rules and to provide insight into how the new values for this COA field were arrived at.

Approp Year

Field Definition	The Appropriation Year field is used to identify the year of the original appropriation for Operating and FCO categories. The values will be maintained by the enterprise under the SHARE Set Id. It is a required field for expenditures and revenues.
Field Length	4 digits
Data Type	Numeric
Format	This field carries a four digit year, CCYY.
Uniqueness	Each year will appear only once and will be recorded under the SHARE Set Id.
Creation Process	Values will be created for all FCO years that are converted into Aspire and for each appropriation year loaded into Aspire.
Numbering Convention	N/A
Other Information	The long Description field will contain the Fiscal Year. The long description will be a 30 character field and the short description a 10 character field.
Combination Edits	Valid Fund CC + Budget Entity +Category + Approp Year combinations are edited through the budget checking process.
Assumptions	None
Mapping	Where FLAIR Year not equal "00" a four digit year will be derived and added to the ASPIRE Approp Year field for use in conversion.
Data Mapping Tool Requirements	None.
