

Military Save\$ Week Tips

Save your loose change.

You'll be amazed at how much it adds up over the course of a year.

Shop around for auto and homeowners insurance.

Check the rates of other companies before renewing your existing policies each year. You may save money by switching companies.

Only use the ATMs of your bank or credit union.

You may be charged an additional fee for using another financial institution's ATM.

Bring your lunch to work.

Making your lunch at home will cost less than buying it at work or a restaurant.

Keep track of your spending.

Monthly, review your checking, saving and credit card statements for purchases you have made. Find ways to cut back.
