

FAQs

What kind of plan is the Florida Deferred Compensation Plan?

The Florida Deferred Compensation Plan is a 457b pre-tax retirement program.

Why should I enroll?

The Deferred Compensation Plan is an excellent way to increase retirement security with the added benefits of pre-tax investing.

Who is eligible to enroll in the Plan?

The Deferred Compensation Plan is offered to all State of Florida employees, including OPS employees and employees of the State University System, the State Board of Administration, the Division of Rehab and Liquidation, Special Districts*, and Water Management Districts*.

**Subject to employer participation*

When can I enroll?

State employees do not have to wait for Open Enrollment to enroll in the Deferred Compensation Plan. Enroll in the Plan at any time.

How do I choose my Investment Provider?

All Investment Providers offer similar investment options and excellent customer service. The Deferred Compensation Plan provides an updated Quarterly Performance Report, which lists and compares all investment options offered by the Plan's providers, at MyFloridaDeferredComp.com.

Am I able to consolidate outside retirement accounts into my Deferred Compensation Plan?

Yes, assets from eligible pre-tax retirement accounts (e.g. 401k, 403b, 457b, DROP, FRS Investment Plan, or Traditional IRA) can be consolidated into the Plan.

How much can I contribute?

The minimum contribution is \$20 per monthly pay period or \$10 per bi-weekly pay period. Contributions cannot exceed 80% of a participant's paycheck. For participants under age 50, the maximum annual contribution is \$19,000. For participants ages 50+, the maximum annual contribution is \$25,000. Some participants ages 50+ may be eligible for Standard Catch-Up, which allows a participant to contribute up to \$38,000 annually. Contact the Florida Bureau of Deferred Compensation for more details.

DEFERRED COMPENSATION PLAN
PLAN. SAVE. RETIRE.

Brief History of the Plan

Commissioned in 1982, the Florida Deferred Compensation Plan now services over 90,000 participant accounts, with over \$4 billion in assets invested.

The Plan was initiated as an opportunity to allow State of Florida employees to invest and save more towards retirement, as a supplement to the required Florida Retirement System (FRS).

The Deferred Compensation Plan is separate from the FRS and is completely voluntary. The Plan is designed so each participant can save at a comfortable pace while benefitting from tax sheltered investing.

The Importance of Saving More

The chart on the bottom left of the map shows how contributing to the Florida Deferred Compensation Plan could potentially benefit retirement savings. The chart compares a potential return after saving for 10 years, 20 years, or 30 years. It also compares contributions (per monthly pay period) of \$25, \$50, \$75, and \$100.

Bridging the Savings Gap

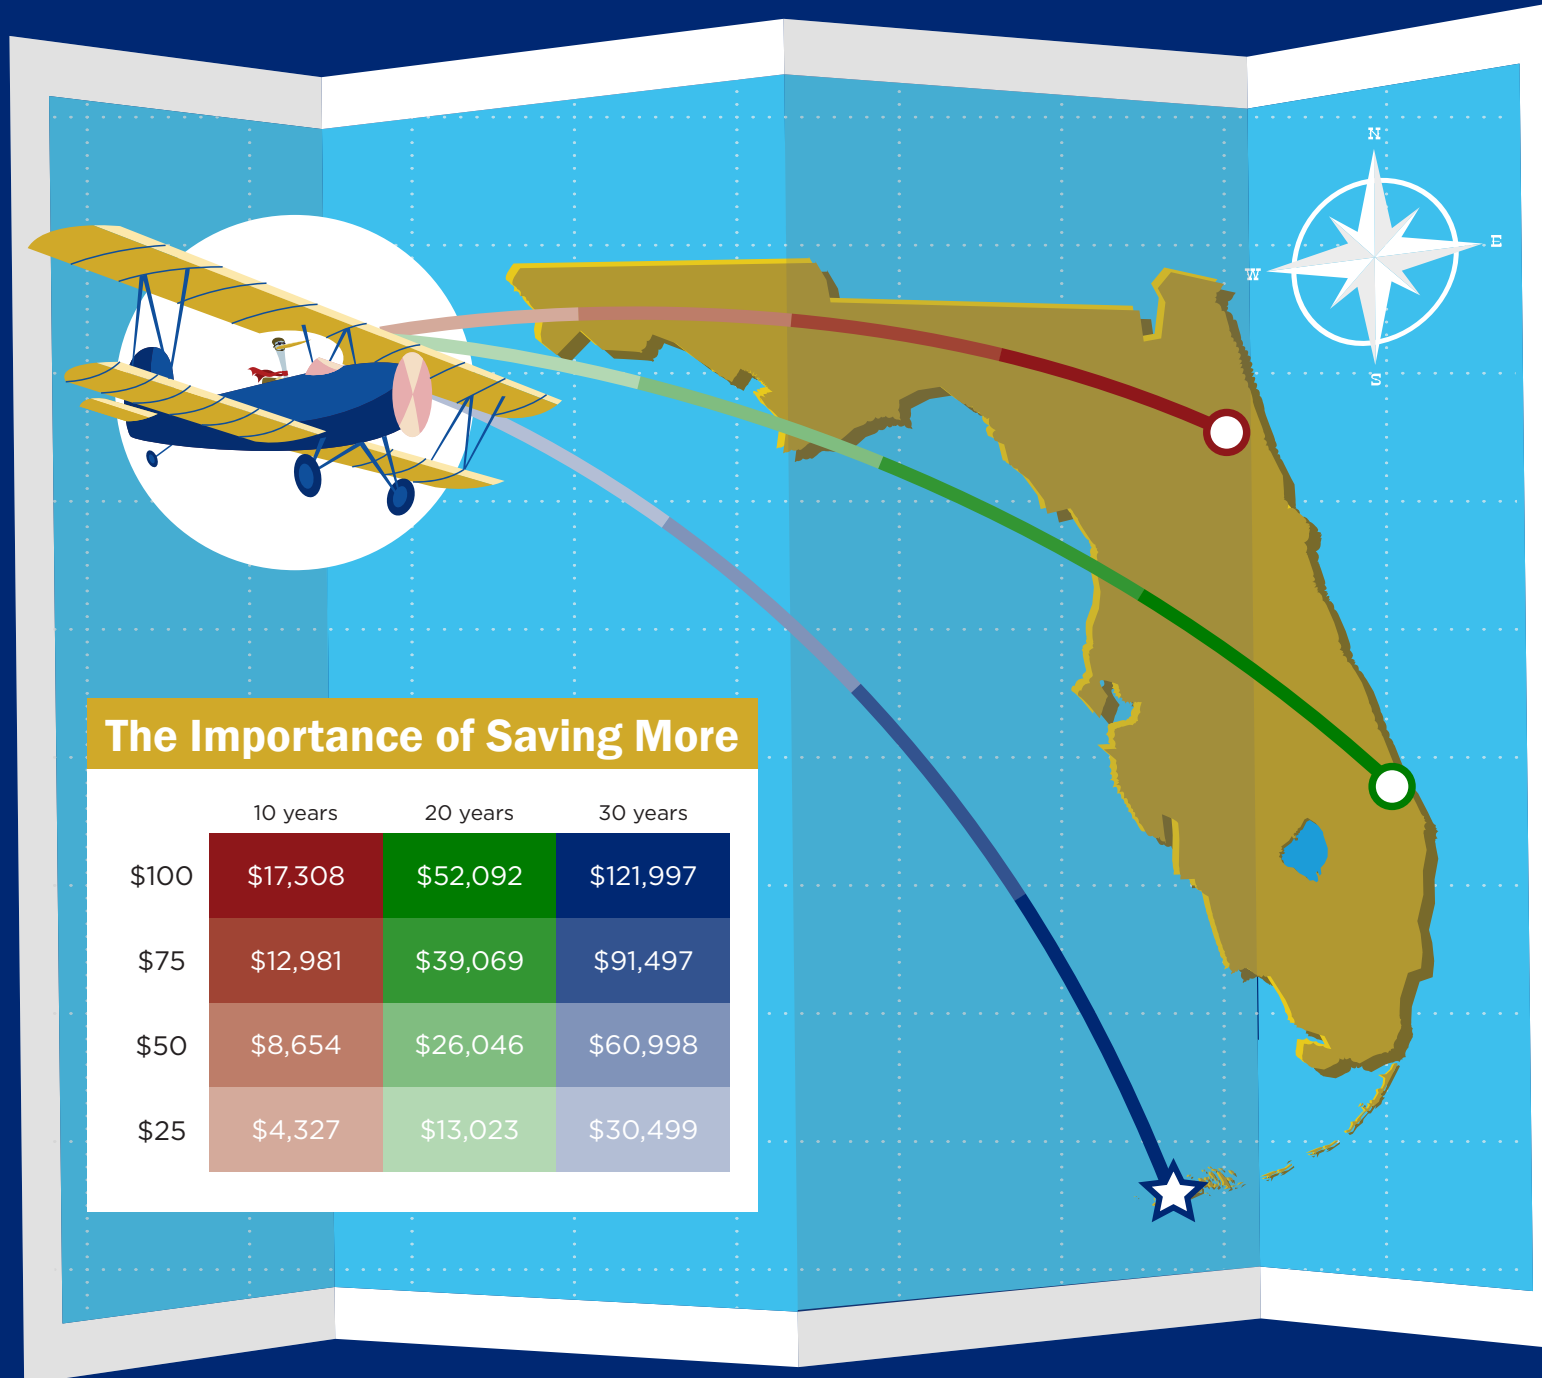

The FRS and Social Security are likely to only provide about 78% income replacement during retirement. That leaves a 22% gap in income replacement. The Deferred Compensation Plan is available to help State employees "bridge the savings gap."

The graph below compares two State employees in order to show how saving early with the Florida Deferred Compensation Plan creates a benefit for retirement savings. Jamie and Jordan both begin State employment at age 25. Jamie starts saving \$100 every month with the Plan right away. Jordan, however, waits 10 years to start saving with the Plan. Jordan must save over \$234/month to reach a similar retirement savings balance. Be like Jamie! Start saving now!
