SMALL BUSINESS
Marketplace
Employers with 1-50 full time equivalent employees will have the option of obtaining coverage through the Small Business Health Options Program (SHOP).

Enrollment/Requirements
An employer must have their primary place of business, or an employee worksite, in the SHOP service area, must have at least one employee who is eligible for participation in the Marketplace, must have 50 or fewer full time equivalent employees, and must offer SHOP coverage to all full time employees.

Tax Credits
Tax credits are available for qualifying employers who: have fewer than 25 full time equivalent employees, pay average annual wages of $50,000, and contribute at least 50% toward the employees' premium.

Penalties
It is not required that any employer offer health coverage. However, certain employers with 100 or more full time equivalent employees will pay penalties if at least one full time employee receives an Advanced Premium Tax Credit from the Marketplace, if they choose to not offer coverage, or if coverage is determined to not be affordable for employees.

Remember to Verify
Be sure to verify that you are purchasing health insurance coverage through a licensed insurer. If you have any questions regarding agents, companies or navigators please contact The Department of Financial Services' Division of Consumer Services Helpline at 1-877-MY-FL-CFO, 1-877-693-5236 or visit: www.MyFloridaCFO.com/Division/Consumers/PurchasingInsurance.

September 2019
The Affordable Care Act was signed into law in March 2010. The Patient Protection and Affordable Care Act (PPACA), which was signed into law on March 23, 2010, was amended by the Health Care and Education Reconciliation Act on March 30, 2010. The name “Affordable Care Act” is used to refer to the final amended version of the law.

One of the first changes created by the Affordable Care Act is in the way health insurance is provided and paid for in the United States by introducing the Health Insurance Marketplace for individuals and small businesses.

**Eligibility**

An individual must:
- Live in the geographic area where the plan has been approved to operate
- Be a U.S. citizen or national; or
- Be a non-citizen lawfully present in the U.S.
- Not be incarcerated

**Navigators**

Navigators are registered and trained individuals who can help consumers prepare applications to establish eligibility and enroll in coverage through the Marketplace. They also provide outreach and education about the Marketplace and can refer individuals to consumer assistance programs when necessary.

**Tax Credit**

Eligibility for a tax credit is based on household income and family size for that year. People who qualify can take the tax credits in the form of an advanced payment to lower the monthly plan premium. The tax credit will be applied upon enrollment in a Qualified Health Plan through the Marketplace and payment will go directly to the insurance company.

**Cost Sharing Reduction**

A cost sharing reduction is available to applicants who meet enrollment requirements, are receiving premium assistance tax credit, are enrolled in a “Silver” plan, and whose income is at or below 250% of the Federal Poverty Level. Cost sharing reductions can lower how much the consumer will pay in out-of-pocket costs such as deductibles, co-payments and co-insurance.

**Open Enrollment**

Open enrollment begins November 1, with coverage effective beginning January 1. For coverage to be effective starting January 1, you must enroll on or before December 15.

**Enrollment Process**

The enrollment process requires one application and will determine your eligibility for Qualified Health Plans through the Marketplace as well as qualification for premium tax credits and reduced cost sharing. You will be able to compare plans with an online comparison tool.

**Qualified Health Plans**

Qualified Health Plans must be offered by an insurer who is licensed and in good standing with the state, cover the 10 essential health benefits, offer at least one “Silver” plan and one “Gold” plan, and must agree to charge the same premium whether offered through or outside of the Marketplace.
