

WHO TO CONTACT

Division of Funeral, Cemetery and Consumer Services
Florida Department of Financial Services
Tallahassee, Florida

Below is a table showing who to call or email on various topics.

Calling Our Staff -- We enjoy talking to applicants and licensees by phone and helping them. We have eight full time staff in our HQ's office, to service over 9,000 deathcare industry licensees, in addition to taking consumer calls. Our staff keeps very busy and spends a lot of time on the phone. If you call one of our staff and get their voice-mail, it's probably because the staffer is on the phone, at the copy machine, etc. We urge you to leave a detailed message, so that our staffer can be best situated to give you an answer when they call you back. Although we return calls as soon as possible, it would not be unusual for it to take 4 to 8 business hours for the staffer to call you back, because the staffer will often have multiple voicemails to reply to; staff reply in the order received, and they have to fit callbacks in around their standing workloads. During peak parts of our monthly Board meeting cycle, it may take somewhat longer (8-12 business hours) to get back to you, because we have to focus on meeting deadlines to get materials to the Board.

Emailing Our Staff -- We urge you to use email to contact our staff, whenever possible. Email provides the benefit of creating a record of when you contacted us. Response times will typically be about the same as for voicemails (see above).

IF YOU DO NOT GET A REASONABLY TIMELY RESPONSE --

If you call or email our staff, and do not get a reasonably timely response (see above timelines), or you feel staff was rude or wrong in the information they gave you, please call or email the Assistant Director, Anthony Miller, at 850-413-3039, or email him at Anthony.Miller@MyFloridaCFO.com. If you do not get a timely response from Mr. Miller, or his response is not satisfactory, please call or email the Director, Doug Shropshire, at 850-413-3039 or Doug.Shropshire@MyFloridaCFO.com. Skipping one or more of the preceding steps, or calling the Director or Assistant Director before allowing our staff a reasonable time to get back to you, will usually delay getting the action or answer you want -- not speed it up.

Good Result? If you had a particularly good experience with one of our staff members, please feel free to drop the Director or Assistant Director an email. It motivates staff tremendously to know their work is appreciated.
