Dear CFO Patronis:

We are pleased to submit for your review and approval the Department of Financial Services (DFS), Office of Inspector General (OIG), *Annual and Long Term Audit Work Plan for Fiscal Years 2019-20 and 2020-21* (the Plan).

As required by Section 20.055, Florida Statutes, the Plan is risk-based and provides the most effective coverage of DFS programs, activities, and functions. The Plan allows time to perform special projects as requested by DFS executive or senior management. Special projects may include an audit, consulting activity, or management review of programs, functions, or organizational units. Additionally, the DFS OIG may revise the Plan, based on changes in the risk environment.

The DFS OIG is requesting your review and approval of the Plan. At your convenience, we are available to discuss any suggestions or questions you may have.

Risk Assessment Process

Section 20.055, Florida Statutes, and professional audit standards require the Office of Inspector General (OIG) to develop a risk-based annual and long-term audit work plan (the Plan), that includes input from the Department of Financial Services (DFS) executive and senior management. The DFS OIG conducted the 2019 annual risk assessment that resulted in the identification of audit topics for inclusion in the Plan.

1. Defined the audit universe: Identified and surveyed 73 offices and bureaus.
2. Identified significant risks and performed the following activities:
 - Interviews and surveys were designed to include major risks; potential audit topics; program and operational deficiencies; and concerns regarding fraud, waste, or abuse
 - Provided surveys to 73 DFS offices and bureaus
 - Interviewed the chief of staff, deputy chief financial officers, and division directors
3. Developed an annual Audit Work Plan based on the following:
 - Evaluated risk surveys and interview results
 - Translated risks into measurable scores
 - Reviewed external (e.g., Auditor General) and Internal Audit report results
 - Analyzed OIG Investigations' complaints
 - Reviewed Long Range Program Plan (LRPP)
 - Incorporated Auditor institutional knowledge
 - Determined final risk ranking
4. Discussed highest ranked risks (Risk Priorities) with the Chief of Staff.

Risk Priorities

The top five risk priorities are:

No.	Risk Priorities
1	Hiring and retention of qualified staff
2	Cash management
3	Safeguarding confidential data, including unauthorized disclosure
