PROPOSAL TO THE 7TH EDITION OF FLORIDA FIRE PREVENTION CODE

PART I

TRANSMIT TO:
Division of State Fire Marshal Fax: 850/414-6119
Casia Sisco E-mail: casia.sinco@myflorida.com
200 E. Gaines Street
Tallahassee, FL 32399-0342

NOTE: If you need further information on this process, please contact the Fire Prevention Bureau at 850/413-3619.

Please review the evaluation criteria (Part II) and Fiscal Impact Statement before completing this proposal. A separate submittal is required for each proposed amendment.

Type or print legibly in black ink.

Date____6/19/19____ Proponent: ______Shar Beddow_________ Tel. No. ______(239) 340-6569____

E-Mail ____________________________
Sbeddow@gnfire.org

Company ______Greater Naples Fire District________

Street Address ______2700 N. Horseshoe Dr.________

City ______Naples____ State _______Fl________ Zip _______34104____

Organization Represented (if any) ______Greater Naples Fire District________

Local Ordinance No. ______________ Jurisdiction ______________ Section/Paragraph ______________

NFPA Standard No. and edition year ______ 2018 NFPA 1 ______ Section/Paragraph ______ 10.1________

Indicate One (Designate by "X" at the end of the line):
1. Revise section to read: XX 3. Delete section without substitution:
2. Add new section to read: 4. Delete section and substitute the following:

Proposal (underline proposed new wording or strike-through the wording to be deleted):

10.11.1.6 Address numbers for suites, units, etc. within a multiple tenant building or complex shall be individually identified in a manner approved by the AHJ, however shall be not less than three inches in height for residential and at least six inches in height for all other buildings, structures, or portions thereof.

Statement of Problem and Substantiation for Proposal (Note: State the problem that will be resolved by your recommendation; give the specific reason for your comment including copies of tests, research papers, fire experience, etc. If more than 200 words provide an abstract and describe the source document.) (Must be filled in to be considered):

Based upon 30 plus years in the fire service I have seen a number of fatalities associated with medical calls where public safety was unable to located the address, unit number, suite number, lot number, or other numerical identification method being utilized due to inability to see it due to size or lack of posting.

__________________________________________
Signature (Required) Printed Name

To be considered, proposals must be received by July 1, 2019
The base codes for the Florida Fire Prevention Code shall be **NFPA-1, 2018** and **NFPA-101, 2018**

<table>
<thead>
<tr>
<th>IMPACT (select one)</th>
<th>STATEWIDE: XX</th>
<th>COUNTY:</th>
<th>CITY:</th>
</tr>
</thead>
</table>

**Describe the geographical area of impact:**

All jurisdictions within the State of Florida.

**1. The proposal shall identify the code section or local ordinance to be modified.**
**2. The proposal (Part I and Part II) along with Financial Impact Statement may be submitted electronically; however, a hard copy is required as follow-up.**

Submit this evaluation with each proposed amendment.

1. **How does the proposal strengthen the base code to enhance safety in Florida?**
   - This proposal provides minimum height for numerical address information for visibility and ensures prompt emergency services response.

2. **Is the proposal easy to understand and how does it contribute to a user-friendly code?**
   - Yes, provides clear measurable dimensions.

3. **Document the proposal’s technical merit and how it is supported by a scientific basis?**
   - Former editions of NFPA 1 provided peer reviewed language to support the dimensions and visibility.

4. **Describe how will the proposal be enforceable?**
   - Jurisdictions have clear minimum dimensions.

5. **How does the proposal affect Florida’s diverse conditions such as climate, construction and population?**

   With more than 1000 individuals moving to the State of Florida a day our communities are continuing to expand. Many areas have grown so quickly that it is difficult for existing public safety agencies to keep up with their geographic knowledge. This individual believes that our population, and subsequent call volume, will continue to trend upwards. Ensuring quick response will maintain occupant safety.
PROPOSAL TO THE 7th EDITION OF FLORIDA FIRE PREVENTION CODE

Fiscal Impact Statement

Provide the estimated cost of the proposed amendment to the Florida Fire Prevention Code for each of the following questions. Cost data should be accompanied by a list of assumptions and support documentation.

1. Will the proposed amendment have an impact on the local entity relative to the implementation and enforcement of the proposed amendment?

__XX__ None

___ Minimal, Provide a brief explanation:

___ Other, Provide an explanation for estimate and methodology used:

No impact as current code requires this.

2. Will the proposed amendment have an impact on the business/property owner relative to the cost of compliance with the proposed amendment?

__XX__ None

___ Minimal, Provide a brief explanation:

___ Other, Provide an explanation for estimate and methodology used:

No impact as current code requires this.

3. Will the proposed amendment have an impact on small counties or small cities?
   (A "small city" is defined by section 120.52, F.S., as any municipality that has an un-incarcerated population of 10,000 or less according to the most recent decennial census. A "small county" is defined by section 120.53, F.S., as any county that has an un-incarcerated population of 75,000 or less according to the most recent decennial census.)

__XX__ No adverse impact on small cities or small counties

___ Minimal, Provide a brief explanation:

___ Other, Provide an explanation for estimate and methodology used:

No impact as current code requires this size already.

Provide a good faith estimate of the number and types of affected persons/entities:

(1) The number of individuals and entities likely to be required to comply with the rule: New structures in Florida.

(2) A general description of the types of individuals likely to be affected by the rule: New structures in Florida.
