

REPRESENTING
JIMMY PATRONIS
CHIEF FINANCIAL OFFICER
STATE FIRE MARSHAL
STATE OF FLORIDA

Dear Applicant:

Thank you for your interest in the Florida Firefighter Equivalency process for Department of Defense (DoD). Please log into our website <http://www.myfloridacfo.com/division/sfm/FCDICE/default.htm>, and create a FCDICE account for your state profile. **DO NOT CREATE ANOTHER ACCOUNT IF YOU HAVE DONE THIS ALREADY.** This is how the official correspondence will be sent and applications made for certification.

The first step of this process is to complete form **DFS-K4-1309 PRELIMINARY EQUIVALENCY APPLICATION FIREFIGHTER MINIMUM CURRICULUM REQUIREMENTS BUREAU OF FIRE STANDARDS & TRAINING**, return completed form for review, and include a copy the following certifications: DoD Firefighter I & II, Haz-Mat awareness/operations, IS-100 and IS-700, and EMR/EMT/paramedic.

After the review of hours has been completed, you will be notified if the hours were met. For those that have not, the process ends there. Some individuals may be able to receive a FFI certification and will be advised on the application process. The next step for those that have met the required hours will be to enroll in the 40-hr. **DoD CROSSOVER** course offered through MARION TECHNICAL COLLEGE. Please refer to the Florida Specific DoD Crossover flyer that has been provided.

Prior to attending class there are several Florida Specific Training items that must be completed before arrival. Please provide the certificates for structural collapse and wildland firefighting upon completion.

1. Structural Collapse Awareness <https://rsc.usace.army.mil/training/level2/sca/>
2. Participate in a webinar conducted by the Bureau which covers the following
 - Statewide Emergency Response Plan (SERP) classes available around the state.
 - Thermal Imaging Cameras (TICs) usage and knowledge
 - Positive Pressure Ventilation (PPV) usually incorporated into a class
 - Company Evolutions (Engine), (Ladder), (Combined)
 - New Challenges facing firefighter today
 - Firefighter Safety and Survival (self-rescue techniques, escapes)
3. Wildland firefighter

Email • michael.driggers@myfloridacfo.com
AFFIRMATIVE ACTION • EQUAL OPPORTUNITY EMPLOYER

If you have not completed wildland firefighter training, there are two options to accomplish this requirement:

The first option, if you are affiliated with a fire department, is to complete the NWCG at <http://www.nwcg.gov/> that offers the classes for free on-line and you can obtain the 8 hours of training here in Ocala for the “hands on” requirement. The classes are:

- “S-130 Wildland Firefighter”,
- “S-190, Introduction to Wildland Fire Behavior” and
- “L-180 Human Factors in the Wildland.

The second option is the **Fire in the Field** 100 class through Florida’s Division of Forestry or Florida Forest Service at <http://www.fireinthefield.net/>. The cost is \$81.50 and is offered on-line, following completion of the on-line portion, the proctor will schedule your hands on portion at your location.

After enrolling in the **DoD CROSSOVER**, please complete the application Minimum Standard Equivalency Practical in FCDICE. This application will include the medical clearance, tobacco affidavit, fingerprints, high school diploma or equivalent, driver’s license or birth certificate, and application fee.

After completing the **DoD CROSSOVER** course, you will be required to pass a 100-question written exam given through Pearson VUE (a third-party vendor) and the practical exam at the Florida State Fire College located in Ocala, FL.

The written test is based on the job performance requirements in NFPA 1001(2013) Edition. The “Skills” portion of the practical exam is from this same reference and the Bureau of Fire Standards and Training Performance Objectives.

If you have further questions, please feel free to contact me at (352) 369-2824 or e-mail at michael.driggers@myfloridacfo.com. You can look through our website and gain additional information at <http://www.myfloridacfo.com/Division/SFM/BFST/>.

Thanks for your consideration in becoming a Florida Certified Firefighter.

Respectfully,

Michael Driggers
