

DATE: June 19, 2007

TO: Agency Addressed (No. 13, 2006-2007)

FROM: Douglas A. Darling, Director
Division of Accounting and Auditing
Department of Financial Services

SUBJECT: MODIFICATIONS TO THE STATE STANDARD APPROPRIATION
CATEGORY FOR EXPENSES

Section 216.011 (1)(n), Florida Statutes was amended to exclude contractual services from Expense appropriation categories effective July 1, 2006. However, object codes in the 24XXXX series were allowed to use the 04XXXX expense category for fiscal year 2006-2007. Agencies were asked to capture information so that the Legislative Budget Request and Legislative Appropriations process for fiscal year 2007-2008 could be properly aligned (See AAM #20, 2005-06). Object code 242000 Repairs and Maintenance – Contracted Services should not be paid from a 04XXXX expense category effective July 1, 2007.
