## First Commercial Insurance Co. in Liquidation Notes to Financial Statements

Dated December 31, 2014

1. **Estate Information.** First Commercial Insurance Co. was a property and casualty company domiciled in Florida and placed in liquidation on August 24, 2009.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of July 1, 2014 through June 30, 2015. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Interest is accrued and reinsurance receivables are only posted when billed to reinsurers. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Statement Format Changes.** On July 1, 2001, the Receiver converted accounting systems, which resulted in the historical accounting data being presented differently in this set of financial statements than the previously prepared statements for this estate. Because the new system uses a more detailed chart-of-accounts and summarizes data into categories different than previously used, the 'Since Date of Liquidation' column of historical data on the 'Statement of Cash Receipts and Disbursements' may not correspond directly to previous statement presentations. Users of this "Liquidation to-date" information should solicit additional information from the Receiver before making assumptions about the data.
5. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: the Receiver's operating account held at the Bank of America and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
6. **Cash - Company Operating.** Consists of funds currently held in the Company's bank accounts that were used prior to liquidation and have not yet been closed.
7. **Reinsurance.** Reinsurance receivables have resulted from losses that have been paid and billed to the reinsurer(s). The financial statements reflect the gross amount of the billed losses less an allowance for any receivable(s) currently considered to be uncollectible. The receivable amount may include paid losses that are ceded to one or more reinsurance contracts being collected on behalf of the Receiver by an intermediary or the Receiver's staff.
8. **Accounts Receivable.** This accounts receivable represents funds due to the estate and for which we have promissory notes.
9. **Fixed Assets.** Estimated value of personal property such as office furniture and equipment.
10. **Other Assets.** Consists of a mortgage receivable that is recorded with a 100% allowance.
11. **Advance to Guaranty Association(s).** Represents funds advanced to guaranty associations for the payment of covered claims and expenses. The guaranty association is obligated to promptly return any or all of these funds if the Receiver determines that repayment of claims of equal or superior priority is necessary.
12. **Allowance for Impaired Assets.** Generally an estimate of uncollectible amounts for certain assets. This allowance represents certificates of deposit held by BB&T (formerly Colonial Bank), currently unavailable, and the estimated uncollectible portion of the company's investment in a mortgage receivable.
13. **Accounts Payable.** Consists of Sales Tax payable due on rent collections.
14. **Secured Claim.** Consists of rent payments collected from Ascendant pending resolution of mortgages on real property that are part of legal actions between the Receiver and BB&T Bank (formerly Colonial Bank), and revenues and expenses on other property where ownership is in question.

**Florida Department of Financial Services, Division of Rehabilitation  
and Liquidation**

**First Commercial Insurance Co. in Liquidation  
Notes to Financial Statements**

**Dated December 31, 2014**

15. **Claims.** . Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, un-adjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claim liability numbers are based upon the most current available information and documentation provided to the Receiver from both internal and external sources.
- Claims are being evaluated and are reported net of authorized distributions.
  - The First Interim Claims Report was approved on March 8, 2013; twenty-one objections were filed and one remains pending with an estimated claimed value of \$2,454.59.
  - The Second Interim Claims Report was approved on December 5, 2013 and Notices of Determination to two additional claimants were sent; no objections were filed.
16. **Federal Priority.** Pursuant to 31 U.S.C.A. § 3713, a federal government claim must be paid first, when a debtor to the United States is insolvent. The federal government has taken the position that it is not subject to state insurance liquidation proceeding's claims filing deadlines. To establish finality, shield itself from potential liability, and ultimately discharge the estate, the Receiver will file a federal release request with the U.S. Department of Justice (DOJ).
17. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
18. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
