Name of Receivership Receivership Number Date of Rehabilitation Date of Liquidation Guaranty Association Southern Family Insurance Company 508 April 25, 2006 June 1, 2006 Florida Insurance Guarantee Association ("FIGA")

Scope:

As provided in the Amendment to the Provider Contract between the "Receiver of Florida Preferred Property Insurance Company", (the Receiver being the Florida Department of Financial Services, Division of Rehabilitation and Liquidation), hereinafter referred to as "RECEIVER", and Berkowitz Pollack Brant Advisors and Accountants ("BPB"), (formerly known as Berkowitz Dick Pollack & Brant Certified Public Accountants and Consultants, LLP), hereinafter referred to as "PROVIDER" effective August 4, 2015, under Section 5, SCOPE OF WORK, states in part:

- Prepare an insolvency summary report ("Insolvency Report"), pursuant to the requirements of 631.398(3), Florida Statutes, relating to the history and causes of insolvency, including a statement of the business practices of Southern Family Insurance Company, which led to its insolvency.
- 2) For the Receivership of Southern Family Insurance Company, ("SFIC") PROVIDER will review SFIC's records in the RECEIVER's possession for information relating to the cause(s) of SFIC's insolvency and prepare and submit an approved, written summary report on those causes.

The authority under which the insolvency report is written is Section 631.398, Florida Statutes which states as follows:

The 2006 Florida Statutes

Title XXXVII Chapter 631 INSURER INSOLVENCY: GUARANTY OF PAYMENT INSURANCE 631.398 Prevention of insolvencies.-- To aid in the detection and prevention of insurer insolvencies or impairments: (1) Any member insurer; agent, employee, or member of the board of directors; or representative of any insurance guaranty association may make reports and recommendations to the department or office upon any matter germane to the solvency, liquidation, rehabilitation, or conservation of any member insurer or germane to the solvency of any company seeking to do an insurance business in this state. Such reports and recommendations are confidential and exempt from the provisions of s. <u>119.07(1)</u> until the termination of a delinquency proceeding. (2) The office shall: (a) Report to the board of directors of the appropriate insurance guaranty association when it has reasonable cause to believe from any examination, whether completed or in process, of any member insurer that such insurer may be an impaired or insolvent insurer. (b) Seek the advice and recommendations of the board of directors of the appropriate insurance guaranty association concerning any matter affecting the duties and responsibilities of the office in relation to the financial condition of member companies and companies seeking admission to transact insurance business in this state. (3) The department shall, no later than the conclusion of any domestic insurer insolvency proceeding, prepare a summary report containing such information as is in its possession relating to the history and causes of such insolvency, including a statement of the business practices of such insurer which led to such insolvency. History.--ss. 28, 39, ch. 83-38; ss. 187, 188, ch. 91-108; s. 4, ch. 91-429; ss. 2, 6, ch. 93-118; s. 385, ch. 96-406; s. 1351, ch. 2003-261.

The locations and dates of our review of files in the RECEIVER's possession were as follows:

Beginning in October 2009, the Receiver produced the records of SFIC electronically to employees of BPB, Richard A. Pollack, CPA, David J. Siegel, CPA and Martin Prinsloo, CPA. The accounting and business records of SFIC, Poe Financial Group, Inc. ("PFG"), Poe Insurance Managers, Inc. ("PIM"), Mariah Claims Services, Inc. ("Mariah") and other affiliates of SFIC were produced to BPB by the Receiver as needed and utilized by employees of BPB to assist the Receiver and Receiver's Counsel.

Background/Events of Impact:

SFIC suffered extensive losses from eight hurricanes that struck Florida in 2004 and 2005. The Company's capital and surplus was below risk based capital levels as reported as of December 31, 2005. As a result of its financial condition SFIC ceased writing new and renewal policies on or about March 5, 2006.⁹ SFIC consented to go into Receivership for the purpose of rehabilitation on April 25, 2006. The company recorded adverse loss development in the first quarter of 2006 and reported negative capital and surplus as of March 31, 2006. SFIC was unable to obtain additional capital and DFS filed a petition to place SFIC in liquidation. SFIC was ordered into Receivership by the Court for purposes of liquidation effective June 1, 2006.

Underwriting Results:

According to the SFIC's Financial Statements, there were Net Underwriting Losses of (\$95,280,314) for 2004, (\$20,198,486) for 2005 and (\$20,396,234) for the three months ended March 31, 2006.

Reinsurance:

Quota Share:

For all residential policies SFIC was covered by a 60% quota share reinsurance contract for the period of July 1, 2004 to June 30, 2005. The 60% quota share agreement was replaced with 78.025% of residential quota share reinsurance coverage for the period of July 1, 2005 to June 30, 2006.

SFIC's commercial policies were covered by a 35% quota share treaty effective 7/1/2004 to 6/30/2005. From 7/1/2005 to 6/30/2006 SFIC's commercial policies were covered by a 58.5% commercial quota share reinsurance contract. SFIC's machinery and equipment policies were covered by a 100% quota share treaty.

Catastrophe Excess of Loss:

SFIC had a commercial property Excess of Loss Reinsurance Contract effective July 1, 2004 through October 1, 2005; this coverage was replaced with a new reinsurer effective October 1, 2005. The contract provided \$5 million of coverage excess of \$5 million per occurrence. Additional layers of \$5 million excess of \$10 million, \$5 million excess of \$15 million, \$5 million excess of \$20 million and \$5 million excess of \$25 million per risk of commercial property reinsurance coverage was provided by automatic facultative contracts.

SFIC had a Personal Lines Catastrophe Excess of Loss Reinsurance Contract effective July 1, 2005

^{9.} Per SFIC company information on the Receiver's website -

http://myfloridacfo.com/Division/Receiver/Companies/SouthernFamily/CompanyInformation.htm

through July 1, 2006. The contract was by occurrence or hurricane with one layer of \$150 million in excess of \$150 million. The contract allowed for one reinstatement of the occurrence limit for an additional 100% of premium.

As a Florida property insurer, the Company participated in the Florida Hurricane Catastrophe Fund ("FHCF"), a mandatory state pool. The FHCF provided per occurrence reinsurance coverage to the Company in the event of hurricane losses exceeding certain limits. SFIC contracted for the maximum coverage amount of 90% for both 2004 and 2005.

Causes of Insolvency:

SFIC was incorporated and received its certificate of authority from the DFS in 1996. The Company began operations by removing homeowners' and commercial policies from Citizens Property Insurance Corporation ("Citizens") under a series of agreements known as take-out agreements. The Company concluded the take-out process in 1999 but continued to renew policies originally taken out from Citizens and wrote new business from the voluntary market.

SFIC was a wholly owned subsidiary of PIH. PIH was a wholly owned subsidiary of PFG. All of the Company's direct written and assumed business was processed by PIM and all claims were managed by Mariah, affiliates of SFIC.¹⁰

SFIC was a profitable company prior to the 2004 hurricane season. As of June 30, 2004 SFIC reported Surplus of \$93,139,899 in its Quarterly Statement. After experiencing heavy losses from the four hurricanes (hurricanes Charley, Francis, Jeanne and Ivan) that made landfall in Florida in the third quarter of 2004 SFIC reported Surplus of \$18,770,713 in its 2004 Annual Statement. SFIC continued to record losses from the 2004 hurricanes and reported adverse loss development in every quarter of 2005.

Four more hurricanes made landfall in Florida in 2005, (hurricanes Katrina, Dennis, Rita and Wilma); hurricane Wilma was by far the costliest. SFIC reported a loss of \$(10,662,391) for the year ended December 31, 2005 and an additional loss of \$(18,536,954) for the first quarter of 2006. SFIC's net loss for the quarter ended 3/31/2006 included approximately \$10 million of adverse loss development from prior years' claims

Adverse loss development occurs when estimates for unpaid claims are understated in the period in which the loss occurs. Under statutory accounting principles, the cost of claims must be recorded in the period in which the loss event occurred. Unpaid claim costs must be estimated and recorded as both an expense and a liability as of the financial statement reporting date. If the estimate for unpaid claims is understated, the cost of the claims over and above the estimate is recorded in the period in which it is paid or recognized, causing the expense to be recorded in the wrong period. SFIC consistently underestimated and under-reported the cost of the 2004 claims understating the loss in 2004 and overstating SFIC's Surplus as of December 31, 2004.

SFIC reported adverse loss development after December 31, 2004 as follows:

Year to date as of - March 31, 2005 -	\$ 3.668 million
June 30, 2005 -	\$ 6.050 million
September 30, 2005 -	\$ 20.497 million
December 31, 2005 -	\$ 23.441 million

^{10.} Per Independent Auditors' Report, Note 1. Issued by Deloitte & Touche LLP on March 29, 2005.

SFIC reported adverse loss development after December 31, 2005 as follows:

Quarter ended - March 31, 2006 - \$10.133 million

The Receiver's investigation of SFIC's accounting practices found that the understatement of SFIC's loss reserves as of December 31, 2004 was significant and that other accounting irregularities including improperly accounting for premium payments as capital contributions also occurred. The Receiver filed complaints seeking the recovery of damages from SFIC's professionals, officers and directors which resulted in settlements and recoveries for the SFIC Estate.

Summary and Conclusion:

SFIC was a Florida corporation that was formed in 1996 and was headquartered in Tampa, Florida. Authorized as a domestic property and casualty insurer, SFIC wrote homeowners multi-peril, allied lines, fire insurance and commercial coverage. In May 2006 SFIC reported an insolvent financial condition on its quarterly financial statement as of March 31, 2006. As a result of its financial condition, the Company ceased offering new and renewal policies on or about March 6, 2006. SFIC was found to be insolvent and ordered into liquidation on June 1, 2006. As of June 1, 2006 SFIC had approximately 44,500 policies in force.

In conjunction with the OIR, FIGA and Citizens, the Receiver developed a plan to provide for an orderly transition of eligible policyholders from SFIC to other insurers or to Citizens. The plan was submitted to and approved by the Court on June 2, 2006. Under the Liquidation Plan, eligible policyholders were automatically transitioned to Citizens effective July 1, 2006 without the need for a new application or additional underwriting review. Effective June 1, 2006, the Second Judicial Circuit Court in Leon County, Florida, entered orders placing SFIC in receivership for purposes of liquidation. The Florida Department of Financial Services is the court-appointed Receiver of SFIC.

Note 1 – Summary of Significant Accounting Policies

Accounting Practices Α.

> The accompanying financial statements of Southern Family Insurance Company (Company) have been prepared in conformity with accounting practices prescribed or permitted by the Florida Department of Florancial Services.

> The state of Florida requires insurance companies domiciled in the state of Florida to prepare their statutory financial statements in accordance with the National Association of Insurance Commissioners(NAIC) Accounting Practices and Procedures Manual subject to any deviations prescribed or permitted by the Florida Office of Insurance Regulation. Many changes were made to this NAIC Manual effective January 1, 2001. See Note 2B for a description of the impact of these accounting changes.

Use of Estimates in the Preparation of Financial Statements 8.

The proparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from these estimates.

Accounting Policies C.

> Premiums are earned over the terms of the related policies and reinsurance contracts. Unearned premiums are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business. Expenses incurred in connection with acquiring new insurance business including acquisition costs, such as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

Furthermore, the company uses the following additional accounting policies:

- Short-term investments are stated at book value.
- Bonds listed by the NAIC are stated at SVO values, otherwise at amortized value using the scientific method. 2.
- Common stocks are stated at market value. З.
- 4. Preferred stocks are stated at market value.
- 5. Mortgage loans - Not Applicable
- 6.
- Loan backed securities -Not Applicable Investments in subsidiaries -Not Applicable 7.
- Joint ventures, partnerships, & limited liability companies are stated at market value. 8.
- 9. Derivatives -- Not Applicable
- The Company does not anticipate investment income as a factor in premium deficiency calculations.
 Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and any adjustments are reflected in the period determined. 12. Change in capitalization policy - Not Applicable

Note 2 – Accounting Changes and Correction of Errors

Accounting Changes Other than Codification and Correction of Errors Α.

Not applicable.

Accounting Changes as a Result of the Initial Implementation of Codification January 1, 2001 В.

Accounting changes adopted to conform with the provisions of the new NAIC Accounting Practices and Procedures Manual are reported as changes in accounting principles. The cumulative effect of changes in accounting principles is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle. As a result of these changes, the Company reported a cumulative effect of changes in accounting principles that decreased unassigned funds by \$5,042,799 at January 1, 2001. This adjustment was for the recording of a net deferred tax liability.

E. Operating Loss and Tax Credit Carryforwards

- (1) At December 31, 2005, the Company had \$51,463,100 of unused operating loss carryforwards available to offset against future taxable income.
- (2) At December 31, 2005, the Company had no Income tax expense for current and prior years available for recoupment in the event of future net losses.
- F. Consolidated Federal Income Tax Return

In 2004, the Company was a member of a consolidated group for income tax purposes consisting of its immediate parent, Poe Insurance Holdings, and Its sister companies of Atlantic Preferred Insurance Company and Florida Preferred Property Insurance Company (referred to as the insurance group). Effective November 22, 2005, the ultimate parent company, Poe Financial Group, Inc., revoked Its election to be taxed under Subchapter S of the Internal Revenue Code. As of that date all companies of the Poe Financial Group, including the insurance group, Poe Insurance Managers, LLC, Poe and Associates, LLC, and Mariah Claims Services, LLC became part of one consolidated group for income tax purposes. As part of the transaction, the existing tax sharing agreement for the insurance group was modified to include all members of the group.

Note 21 - Other Items

A. Extraordinary Items

Hurricane Losses

The 2005 financial statements of the Company include estimates of losses from Hurricanes Dennis, Katrina, Rita and Wilma which all made landfall in Florida during the period from July through October, 2005. The effect of these storms on loss and loss adjustment expenses incurred during 2005 was approximately \$18 million, net of reinsurance. The 2005 financial statements also include adverse loss development from the hurricanes of 2004 (Charley, Frances, Ivan and Jeanne). The net effect of the 2004 storms on loss and loss adjustment expenses incurred during 2005 was approximately \$24 million.

B. Troubled Debt Restructuring for Debtors

- C. Other Disclosures
 - 1. Citizens Property Insurance Corporation (Citizens) Takeout Bonus Release

The Company removed homeowners and commercial policies from Citizens (formerly the Florida Residential Property & Casualty Joint Underwriting Association) beginning in 1996 under a series of take out agreements. The agreements specify that the Company is to receive fake out bonuses'on a per policy basis provided the Company performs under the terms of its agreement, including offering policyholders renewals for three years. The takeout bonus funds were placed in an escrow account, where under Florida statutes, they remained assets of Citizens until the take out bonus conditions were satisfied by the Company. Takeout bonus funds released in prior years were as follows: 2002 \$791,878; 2001 \$4,568,000; 2000 \$4,860,000; and 1999 \$6,876,000. In accordance with Florida statutes, the transfers were accounted for as a direct contribution to capital and surplus (page 4, line 32). There were no takeout bonus funds released in 2005 or remaining in escrow at December 31, 2005.

The Company federal income tax returns for 1996 through 2001 were under examination by the Internal Revenue Service (IRS). The IRS specifically focused on the issue of the taxation of the policy take-out bonuses. During the examination, the Company filed documents with the IRS stating that the takeout bonuses received from Citizens qualify for deferral from federal taxes under Section 118 of the Internal Revenue Code, as a non shareholder capital contribution. In March 2001, the IRS published a Technical Advice Memorandum that explains the rationale for the IRS position that the takeout bonuses are taxable income to the Company at the time they are deposited into escrow and interest income on the escrowed funds are taxable to the Company as accrued. The IRS completed its examination of the years 1996-1999 in June 2001 and the years 2000-2001 in June 2003. The examination reports were consistent with the aforementioned Technical Advice Memorandum and they concluded that the Company income tax liability for the policy takeout bonuses and interest earnings was \$5.9 million. In September 2002, the Company received a notice of tax due from the IRS for \$5.9 million plus interest. The tax assessed represented income taxes on policy take out bonuses are consistent with the company from 1999 through 2002. The Company position is that these take out bonuses are non-shareholder contributions to capital under Internal Revenue Code Section 118. The Company appeal to the IRS was denied, resulting in generation of the IRS notice. The Company plans to defend its position in federal district court. As a precedent to this legal action, the Company paid the \$5.9 million pleas in to the IRS in October 2002 and paid \$2.8 million of interest on the taxes in December 2003. The Company believes it has a reasonable basis for its position on the bonus tax issue. As part of the Company's continuing

defense of its tax position, a tax refund request was filed and was denied by the IRS. In December 2005, the Company filed a lawsuit in federal district court seeking a ruling on its position that the bonus amounts are capital under Section 118.

2. Income Tax Carryforwards and Nonadmitted Assets

> As a result of large losses generated by the occurrence of eight hurricanes striking Florida In 2004 and 2005, the Company incurred net operating losses for federal and state income tax purposes. Under the provisions of Statement of Statutory Accounting Principles #10, Income Taxes (SSAP10), the Company ability to record assets for the income tax benefits of tax losses is limited as follows:

Current income tax benefits are limited to recoveries of income taxes paid in prior years. The carryback period for federal tax recoveries is two years. There is no provision for carrybacks of Florida state income taxes.

Tax benefits in excess of federal taxes recovered from carrybacks to prior years are classified as deferred tax assets and subject to mathematical limit tests. The primary test being a requirement not to exceed 10% of third quarter reported surplus. State income tax loss carryforwards are not permitted to be reported as deferred tax assets and therefore are completely excluded from the financial statements.

Under the terms of a tax sharing agreement, the Company expects to realize its tax loss carryforwards through generation of its own taxable income and from taxable income generated from other members of the group.

Capital and Surplus Levels 3.

> Due to hurricane losses incurred in 2004 and 2005, the Company's capital and surplus has declined substantially. The parent company made a capital infusion of \$6 million in 2005 and the parent company is actively engaged in discussions with potential investors and lenders to obtain additional capital for the Company and its affiliates. As of the filing date of these financial statements, the parent company was evaluating proposals and it was continuing its efforts toward raising capital, but no financial capital transactions have been concluded.

Because of the capital decline, the Company has fallen below required levels of risk based capital, and under Florida Statute 624.4085, the Company must file a risk based capital plan with the Florida Office of Insurance Regulation that identifies corrective actions to eliminate the RBC deficiency.

Note 25 - Changes in Incurred Losses and Loss Adjustment Expenses

The estimated cost of loss and loss adjustment expenses attributable to insured events of prior years increased by \$23,443,000 during 2005, as shown in the chart below. This increase occurred in all lines of business except Fire. Increases or decreases of this nature occur as the result of claim settlements during the current year, and as additional information is received regarding individual claims, causing changes from the original estimates of the cost of these claims. The adverse loss development for 2005 was due to \$24 million of additional losses from 2004 hurricanes. The increase in losses from 2004 storms was caused by increases in property repair costs and discoveries of additional damages as repairs were made. The volume of claims, both to the Company and statewide were a factor in the loss increases. The Company has taken measures to improve loss adjusting and estimating for hurricane losses incurred in 2005.

N/A 6.2 Describe the method used to estimate this reporting entity's probable maximum insurance loss, and identify the type of insured exposures comprising that probable maximum loss, the locations of concentrations of those exposures and the external resources (such as consulting firms or computer software models), if any, used in the estimation process: The company, as part of its Exposure Management Planning, bases its stewardship and PML analysis of hurricane event scenarios using EQECAT's US Wind catastrophe analysis. The company's commercial habitational property risks, condo and apartment buildings, in south Florida contribute to the combined PML scenario. Primary wind exposure, based upon such modeling, is believed to be south Florida, primarily Palm Beach and Broward counties. The company's secondary wind exposure is believed to be Manatee, Sarasota and Lee counties. 6.3 What provision has this reporting entity made (such as a catastrophic reinsurance program) to protect itself from an excessive loss arising from the types and concentrations of insured exposures comprising its probable property insurance loss? The company protects itself from such excessive loss scenario by using: (1) quota share treaties on both its homeowners and commercial lines of business; (2) by participating (90% election) in the Florida Hurricane Catastrophe Fund (FHCF); (3) through occurrence limit and per risk excess coverages in both its lines of business; and (4) Ihrough catastrophe excess coverage. The company will continue to evaluate exposures and coverages for PML coverage prior to hurricane season - June 2008. 6.4 Does the reporting entity carry calastrophe reinsurance protection for at least one reinstatement, in an amount sufficient to cover its estimated probable maximum loss altributable to a single loss event or occurrence? ### Annual Statement for the year 2005 of the Southern Family Insurance Company SCHEDULE P INTERROGATORIES

1. What is the extended loss and expense reserve - direct and assumed - for the following classes? An example of an extended loss and expense reserve is the actuarial reserve for the free-tail coverage arising upon death, disability or retirement in most medical malpractice policies. Such a liability is to be reported here even if I was not reported elsewhere in Schedule P, but otherwise reported as a liability item on Page 3. Show the full reserve amount, not just the change during the current year.

The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998.

2.

	This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as "Defense and Cost Containment" and "Adjusting and Other" reported in compliance with these definitions in this statement?	Yes [X]	No[]
3.	The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense should be allocated by a reasonable method determined by the company and described in Interrogatory 7, below. Are they so reported in this statement?	Yes [X]	No[]
4.	Do any lines in Schedule P include reserves that are reported gross of any discount to present value of future payments, and that are reported net of such discounts on Page 10?	Yes[]	No [ X ]
	If Yes, proper disclosure must be made in the Notes to Financial Statements, as specified in the Instructions. Also, the discounts must be reported in Schedule P - Part Columns 32 and 33.	1,	
	Schedule P must be completed gross of non-tabutar discounting. Work papers relating to discount calculations must be available for examination upon request.		
	Discounting is allowed only if expressly permitted by the state insurance department to which this Annual Statement is being filed,		
5.			
6.	Claim count information is reported per claim or per claimant. (Indicate which). If not the same in all years, explain in Interrogatory 7.	PER CL	AIM
7.1 7.2	The information provided in Schedule P will be used by many persons to estimate the adequacy of the current loss and expense reserves, among other things. Are there any especially significant events, coverage, retention or accounting changes that have occurred that must be considered when making such analyses? An extended statement may be attached.	Yes [X]	No[]
	The company's losses included calastrophe claims from four hurricanes that struck Florida in 2004 and four hurricanes that struck Florida in 2005. See Note #21 for fu	inther descript

#### NOTES TO FINANCIAL STATEMENTS

#### Note 22 - Events Subsequent

As reported in its December 31, 2005 annual statement, the Company's capital and surplus at that date was below risk based capital levels. The Company has been unable to obtain additional capital. In response the Company voluntarily stopped writing new and renewal business in March 2006 and consented to go into rehabilitation under the direction of the Florida Department of Financial Services (DFS) effective April 25, 2006. The Company is continuing to operate in rehabilitation and the DFS has filed a petition to place the Company in liquidation by June 1, 2006.

The Company has suffered extensive losses from eight hurricanes that struck Florida in 2004 and 2005. In connection with the completion of an extensive actuarial review of hurricane losses and further adverse loss development in 2006 from hurricane Wilma, it was necessary to increase losses recorded in the first guarter of 2006.

In addition, the cessation of premium writings has decreased the amount of Citizens assessments recoverable. The assessments were paid by the Company to Citizens in September 2005 and were to be recovered by premium surcharges to policyholders over a year period from February 1, 2006 to January 31, 2007. Without further premium writings the Company estimates \$6.9 million of assessments will not be recovered and has written down its assets by that amount.

The unprofitable operations of the Company over the last two years, particularly the payment of hurricane claims, have exhausted the capital and surplus of the company. The impact of the additional hurricane losses and assessment write downs in the first quarter has created a deficit in capital and surplus as of March 31, 2006.
