## Universal Health Care Insurance Company, Inc in Liquidation Notes to Financial Statements

Dated June 30, 2014

1. **Estate Information.** Universal Health Care Insurance Company, Inc. is a health insurer, based in Tampa, FL and was placed in rehabilitation on March 22, 2013. It was subsequently placed in liquidation on April 1, 2013.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of July 1, 2013 through June 30, 2014. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Interest is accrued and reinsurance receivables are only posted when billed to reinsurers. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Statement Format Changes.** On July 1, 2001, the Receiver converted accounting systems, which resulted in the historical accounting data being presented differently in this set of financial statements than the previously prepared statements for this estate. Because the new system uses a more detailed chart-of-accounts and summarizes data into categories different than previously used, the 'Since Date of Liquidation' column of historical data on the 'Statement of Cash Receipts and Disbursements' may not correspond directly to previous statement presentations. Users of this "Liquidation to-date" information should solicit additional information from the Receiver before making assumptions about the data.
5. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: the Receiver's operating account held at the Bank of America and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".

"Pooled Cash Reserved for Distributions" is a segregated amount of Pooled Cash that represents the remaining amount of Pooled Cash reserved for a court authorized distribution(s) that has not been released or reissued.
6. **Accounts Receivable.** Receivables are shown with allowance provisions for uncollectible amounts unless otherwise indicated. These consist of premium Receivable and other collections – recovery receivable.
7. **Allowance – Accounts Receivable.** An estimate of uncollectible or impaired amounts for certain assets.
8. **Other Assets.** Represents assets such as statutory deposits, and are based on the realizable value plus any accrued interest. Where practicable, the existence and amount of such deposits is disclosed in footnotes to specific estate's schedules.
9. **Distribution Liability.** Represents the remaining liability for a court authorized distribution(s) that has not been released because the Receiver does not have a good mailing address for the claimant or does not have a completed W9 from the claimant.
10. **Claims.** Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, un-adjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claim liability numbers are based upon the most current available information and documentation provided to the Receiver from both internal and external sources.
  - Proof of Claim forms have been mailed and are being processed as received.
  - Claim liabilities are based upon company estimates as of month ending February 28, 2013.
11. **Federal Priority.** Pursuant to 31 U.S.C.A. § 3713, a federal government claim must be paid first, when a debtor to the United States is insolvent. The federal government has taken the position that it is not subject to state insurance liquidation proceeding's claims filing deadlines. To establish finality, shield itself from potential liability, and ultimately discharge the estate, the Receiver will file a federal release request with the U.S. Department of Justice (DOJ).

**Florida Department of Financial Services, Division of Rehabilitation  
and Liquidation  
Universal Health Care Insurance Company, Inc in Liquidation  
Notes to Financial Statements  
Dated June 30, 2014**

12. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
13. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
