**Florida Department of Financial Services, Division of Rehabilitation
and Liquidation**
Universal Health Care Inc. in Liquidation
Notes to Financial Statements
Dated March 31, 2017

1. **Estate Information.** Universal Health Care Inc. is a health insurer, based in Tampa, FL and was placed in rehabilitation on March 21, 2013. It was subsequently placed in liquidation on April 1, 2013.
2. **Basis of Presentation.** The accompanying financial statements have been prepared on a modified cash basis of accounting using a fiscal year of July 1, 2016 through June 30, 2017. The assets are stated at their estimated realizable values, while the liabilities are stated at their gross filed amounts and are periodically adjusted as evaluated, adjudicated and/or paid. Interest is accrued and reinsurance receivables are only posted when billed to reinsurers. In addition, the statements do not provide accruals for all future administrative expenses to liquidate the estate or costs to pursue or litigate claims against others.
3. **Unaudited.** The accompanying financial statements have not been audited by an independent certified public accountant and no opinion is expressed on their compliance with generally accepted accounting principles.
4. **Pooled Investments.** The majority of the invested assets of the estates are combined into two main pooled accounts: the Receiver's operating account held at the Bank of America and the Special Purpose Investment Account held at the State of Florida Treasury. Each estate's share of the pooled investments is presented on the accompanying financial statements as "Pooled Cash Due from the Admin Fund".
5. **Special Purpose Investment Account (SPIA) – Restricted.** Funds transferred to the Receiver from restricted insolvency protection bank accounts as the result of agreements with the Florida Department of Elder Affairs and the Florida Agency for Health Care Administration. The funds were deposited into separate restricted SPIA accounts and will be treated as Special Deposits per the terms of the agreement at the time of distribution.
6. **Accounts Receivable.** Receivables are shown with allowance provisions for uncollectible amounts unless otherwise indicated. These consist of premium receivable and other collections - recovery receivable.
7. **Allowance – Accounts Receivable.** An estimate of uncollectible or impaired amounts for certain assets.
8. **Secured Claim.** Consists of funds transferred to the Receiver from restricted insolvency protection bank accounts as the result of agreements with the Florida Department of Elder Affairs and the Florida Agency for Health Care Administration. The funds were deposited into separate restricted SPIA accounts and will be treated as Special Deposits per the terms of the agreement at the time of distribution. Also included is a secured claim from the Pinellas County Tax Collector.
9. **Claims.** Unless otherwise noted, the Statement of Affairs contains claim liabilities by priority class pursuant to 631.271, Florida Statutes. Unless otherwise stated, the claim liabilities reported are gross filed, un-adjudicated, and have not been reduced by any early access payments from the Florida Receiver. Claim liability numbers are based upon the most current available information and documentation provided to the Receiver from both internal and external sources.
 - The First Interim Claims Report was approved on June 20, 2016. The deadline to file an objection was August 15, 2016. One hundred ninety-three objections were filed; 56 have been resolved and 137 remain pending with an estimated claimed value of \$20,864,883.38.
10. **Federal Priority.** Pursuant to 31 U.S.C.A. § 3713, a federal government claim must be paid first, when a debtor to the United States is insolvent. The federal government has taken the position that it is not subject to state insurance liquidation proceeding's claims filing deadlines. To establish finality, shield itself from potential liability, and ultimately discharge the estate, the Receiver requested a federal release from the U.S. Department of Justice (DOJ) on September 12, 2016.
11. **Contributed Equity – State of Florida.** The Receiver will, from time to time, expend public funds to carry out certain duties during the course of liquidating an insurance company. The Division accounts for these expenditures as a contribution of equity by the State.
12. **Excess (Deficiency) of Assets over Liabilities.** The excess or (deficiency) represents the estimated realizable value of assets after deducting the current estimate of liabilities. This excess or (deficiency) does not take into consideration any estimates for future administrative costs to liquidate the estate or costs to pursue or litigate claims against others.
