Congratulations on Launching Your Retirement Journey!

Congratulations for taking a giant leap toward a comfortable retirement by **enrolling in the Florida Deferred Compensation Plan!** Saving with the Deferred Compensation Plan helps bridge your savings gap by supplementing your Florida Retirement System (FRS) and Social Security savings. Now that you have enrolled, **consider making periodic increases to your contribution amount.**

To increase your contribution, simply visit **MyFloridaDeferredComp.com** and click **"Increase Contributions"**.

The Importance of Saving More

This chart shows how making contributions to your Deferred Compensation Plan can dramatically boost your retirement savings. This example compares an investor's returns over 10, 20, and 30 years at four different contribution rates (\$25, \$50, \$75, and \$100).

This chart is for illustrative purposes only and not meant to represent the performance of any specific investment option. The scenario assumes a 7% return and reinvestment of earnings, with no withdrawals. Rates of return may vary.
