PCR Need Description (Include description of change, why it is needed, how it was discovered)		The Project requests to move D108 - Pilot - Ready for Interface and Conversion Testing Go/No-Go decision from August 31, 2020 to October 31, 2020. The Project also requests to update the Decision name to D108 – CMS – Ready for Interface and Conversion Testing to align this milestone with the revised implementation approach.				
tangible/in:	siness Benefi Justificatio (Provide th tangible value(s Ipport the for th Project's goals	The Project needs build and test activities to progress in a timely manner to maintain the revised implementation schedule.  This change will allow agencies more time to complete their necessary tasks to prepare for CMS interface testing.  The Go/No-Go decision date move provides the ESC additional time to evaluate the Go/No-Go decision considering the Project's new implementation approach and dependencies.				
Makii (If we do our "Impa	ications of Nong the Chang nothing, what a act Prediction" to project in term of risk or issue	The Project and the agencies may not have time to complete build task in preparation for interface and/or conversion testing.				
	Project Goal	Goal				
(Please choose all that apply)		Reduce the State's risk exposure by harnessing modern financial management technology built on the premises of scalability, flexibility, and maintainability				
		Improve state and agency specific decision making by capturing a consistent and an expandable set of data				
		Improve the State's financial management capabilities to enable more accurate oversight of budget and cash demands today and in the future				
		Improve staff productivity, reduce operational complexity and increase internal controls by enabling standardization and automation of business processes within and between DFS and agencies
