PCR Need Description (Include description of change, why it is needed, how it was discovered)		Processing Payroll ACH/EFT Cancellation (C59) and Project Mass Upload (C65) customizations be removed from Attachment 5.2 – Customizations. The related Attachment 5.1 – Business Requirements for the C59 and C65 customizations are as follows: • C59 – Processing Payroll ACH/EFT Cancellation • 200.1022 – Provide ability to receive payroll related EFT cancellations confirmation from the bank per the banking contract. • C65 – Project Mass Upload • 10.0184 – Provide for minimum information to establish and maintain a Project code through an upload/interface from agency business systems. This PCR makes the following changes: • Attachment 5.1 – Business Requirements: • Cancel requirement 200.1022 per removal of customization C59. • Update requirement 10.0184 to remove the reference to customization C65, as well as change the How Met from 'Extension' to 'Interface'. • Attachment 5.2 – Customizations will be updated to remove C59 and C65. • The Requirements Traceability Matrix (WP402) working document will be updated to remove C59 and C65 from the related requirements. • The BPD team will exclude C59 and C65 from the RICEFW Inventory working document. • The BPD team will exclude C59 and C65 from the final Requirements Traceability Matrix once created. Note: The Financials and Payroll Business Process Models do not make reference to the customizations,
