A team of assessors from the Commission for Florida Law Enforcement Accreditation (CFA) will arrive August 14, 2018 to examine all aspects of the Division of Investigative and Forensic Service's policies and procedures, management, operations, and support services. The Division of Investigative and Forensic Services has to comply with approximately 260 standards in order to receive accredited status. Many of the standards are critical to life, health and safety issues.

As part of the on-site assessment, agency members and the general public are invited to offer comments to the assessment team. For more information regarding CFA or for persons wishing to offer written comments about the Division of Investigative and Forensic Services' ability to meet the standards of accreditation, please write to:

CFA

An Accreditation Team will be visiting the Division of Investigative and Forensic Services this coming month of August A team of assessors from the Commission for Florida Law Enforcement Accreditation (CFA) will examine all aspects of the Division of Investigative and Forensic Services (DIFS) policies and procedures, management, operations and support services. DIFS has to comply with approximately 260 standards in order to receive accredited status. Many of the standards are critical to life, health and safety issues.

Over the course of three days (August 14 to the 16th), the assessors will review written materials, interview individuals and visit offices and other places where compliance can be witnessed.

Once the Commission's assessors complete their review of the agency, they report back to the full Commission, which will then decide if the agency is to receive accredited status. DIFS' accreditation would last for three years once approved. Verification by the team that the Division meets the Commission's standards is part of a voluntary process to gain or maintain accreditation- a highly prized recognition of law enforcement professional excellence, Director Black said.
