## CONGRATULATIONS TO CAPTAIN CARL LANE

Please join us in congratulating Captain Carl Lane on his graduation from the University of Louisville, Southern Police Institute's 83rd Command Officer Development Course.

The graduation ceremony held on January 18, 2019, was the culmination of an intensive 400-hour long program intended to provide a comprehensive overview of management practices. The course was designed to provide the foundation for practical law enforcement administration by presenting participants with material and instruction to facilitate and encourage a positive, developmental and forward-thinking role for leading within their agencies.

We are proud of Captain Lane's accomplishments and know that his professional growth will continue to directly benefit our Division's mission as well as the law enforcement community as a whole.
