

LOGIN INSTRUCTIONS TO ACCESS NATIONAL SAFETY COUNCIL'S ONLINE TRAINING

New Users – *(Students who have not registered on the following website, must register as a New Student.)*

1. Go to and click on the **Register & Start Training** on the bottom left of this page.
2. Under **New User Registration** type in your Access Code provided by your agency or university and click, **Register**.
3. You will be presented with the New User Registration page. Type in your information, including a Login ID and a Password of your choice, and click **Create Account**.
PLEASE NOTE: When creating a Login ID, be sure it is UNIQUE, like you would when creating an email. We have millions of users, and no two users can have the same Login ID. Using an email as a Login ID tends to work OR using a format like: firstnamelastname2025. *You will receive a confirmation email reminding you of the Login ID you created for access to the site at a later date.*
4. On the My Courses Page, click on the course title to begin your training.
PLEASE NOTE: If you're in the course and want to take a break for 5 or more minutes, ALWAYS click Save and Exit in the course, then Logout on the upper right side of your account page. This will save your progress. You never want to allow your course to "timeout" or login to your account on more than one browser/device/tab at the same time. If you have problems, please contact the Help Desk. 833-367-2576 | traininghelp@nsc.org
