The Division also announces its intention to promulgate administrative rules to require electronic submission of proof of coverage data. The Division is working with the National Council on Compensation Insurance, Inc. A public workshop will be held this spring to begin planning for such rules. Interested parties are urged to monitor the *Florida Administrative Weekly* for announcements with regard to the rule-making process. To be placed on an e-mail distribution list for notification of rulemaking activity with regard to EDI of proof of coverage data, please send such a request along with your e-mail address to KAREN HICKEY at [hickeyk2@wcpst.fdles.state.fl.us](mailto:hickeyk2@wcpst.fdles.state.fl.us).
